MANASOTA SANDPIPER KEY ADVISORY BOARD
MEETING MINUTES FROM 8/1/2012

Rick Dalton and Andrea Barber met on August 1, 2012 at 9:00 a.m. in the Englewood Beach Villas Clubhouse. All other committee members were unavailable. Andrea had been elected official designee by the committee for this meeting.

Rick brought application forms for anyone interested in continuing to be on the board at this time and also if there was anyone else interested in being on the board.

Rick had three ARC files with him.

The first was a roof for a boat lift for 5150 The Pointe owned by David Dignam. The county still has some questions on this file so no action was taken by the board.

2720 N. Beach Road applied for a construction permit for fencing w/screen for trash containers. File is incomplete and no action was taken.

The owners at 120 Stanford requested permission to replace screen on rear lanai with windows. All specifications met the code and the committee recommended granting this permit.

The meeting was adjourned at 9:45.
