December 8, 2015 (Revised Date to 2015 from 2016)

Dear Property Owner:

In our efforts to keep you aware of the Utilities Department research and information gathering, we want to share updated information with you in regards to the utilities expansion opportunity along US 41. As you are aware, we have held several meetings and asked for community input via surveys and have met with many of you in our offices or on the telephone. Two main points commented on during this process were the overall cost and how existing occupied properties would be addressed.

We shared with you in October 2015 that we had pushed back our timeline to present our findings to the Charlotte County Board of Commissioners (BCC) to early 2016. We have a few updates to share with everyone before presenting the information to the BCC. We wish to invite you to another informational meeting so we can present you with revised information and also hear from you again. We have reserved our training rooms on Wednesday January 6, 2016 and will begin the first meeting at 4:00 pm and 6:00 p.m. for the second meeting. Both are identical, so please select the time most convenient for you. The meetings are scheduled for two hours, or earlier if the last question has been answered. Our location is 25550 Harbor View Road, Port Charlotte, Florida. We hope you will find time to attend.

We look forward to keeping you informed about this project. Have a happy and healthy holiday season. If you have any questions please contact us, administrative.assistants@charlottecountyfl.gov or call 941.764.4300 ext. 3.

Sincerely,

Bruce R. Bullert

Bruce R Bullert, P.E.
