Some General Comments

- Handout: Report Template
- Work closely with those pulling the permits
- Learn your fee structure
- Learn your comp plan and land use areas
- Take a look at the timeframe and steps in your system

AHAC Staff Support

- AHAC staff support from SHIP and Planners
- “Cooperatively staffed by the local government department or division having authority to administer local planning or housing programs to ensure an integrated approach to the work of the advisory committee.”
- Provide orientation to current incentive strategies and report requirements.

THE FLORIDA HOUSING COALITION

(a) Mandatory Expedited Permitting

- “The processing of expedited permits or development orders to a greater degree than other projects for affordable housing.”
- Local land use planning and zoning codes can Break or Make affordable housing.
- **Purpose: Time is Money!**

Mandatory Incentive Strategies

THE FLORIDA HOUSING COALITION

Florida Examples: Expedited Permitting

Pasco County

- Affordable single and multi-family development permit application packets have a yellow band to indicate expedited review
- Staff within the Growth Management Division shepherds application through review.

Sarasota County

- SHIP office provides developer with “Priority Processing Notification form”

THE FLORIDA HOUSING COALITION

What Qualifies for Expedited Attention?

- **Define: What is an affordable housing project?**
- **What process initiates expedited permitting?**
- **Many TYPES of Expedited Review: Variances, re-zoning, waivers, request for re-platting, review of the builder's plans.**

Report Each Year on Mandatory Incentive Strategies

(i) Mandatory Ongoing Review

- **“The establishment of a process by which a local government considers, before adoption: policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.”**
- **Purpose: Avoid adoption of additional hurdles to affordable housing development.**

Topics for Discussion: Items A - K

“Each advisory committee shall submit a report to the local governing body that includes recommendations on... affordable housing incentives in the following areas:”

INCENTIVE STRATEGIES
the SHIP Statute requires
the AHAC to consider

THE FLORIDA HOUSING COALITION

(b) Impact Fee Modifications

- **“The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.”**
- **Impact Fees: typically used for roads and transportation, parks and recreation, emergency medical services, fire safety, water and sewer connections and schools.**

AHAC Tasks when reviewing Incentives

Reviewing local plans and codes

- Comprehensive Plan
- Land Development Code
- Neighborhood Action Plans
- Overlay Districts

Importance of Market Analysis

- Understanding community demographics
- Housing needs

Impact Fee Examples

Lee County

- A waiver of all impact fees within 3 enterprise zones.
- School Impact Fee Rebate: low income purchaser receives a 50% rebate paid directly to mortgage holder
 - Funded by the interest on the impact fee account.
 - By 2017 had reimbursed \$687,370
 - Total of 515 units, 246 VLI, 247 LI, and 22 Moderate income

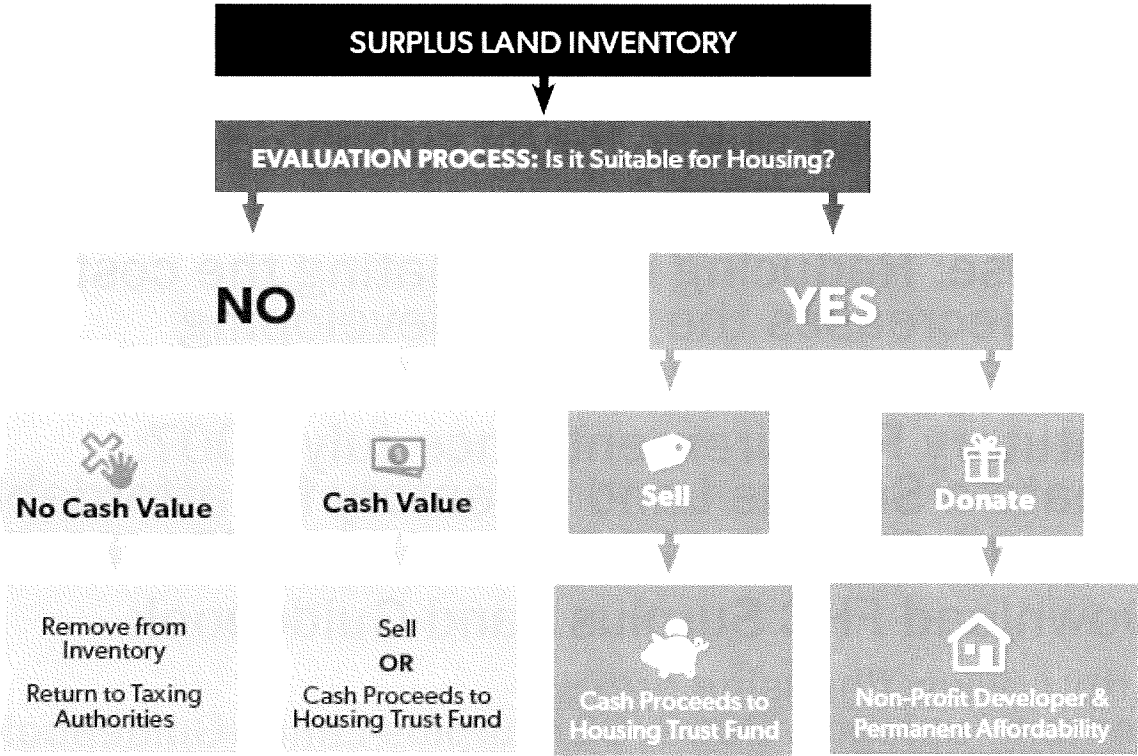

Collier County

- Previously used SHIP funds to pay impact fees
- “Legally de minimis” to waive up to 3% of annual impact fee fund.
- A soft second mortgage is recorded and the fee is repaid when the home sells.

Impact Fee Options

- **Fee Deferment** – must be repaid at some point
- **Fee Waiver**
 - When impact fees have been pledged as repayment source for local bonds, they cannot be waived.
 - Future bond issues may have built in waiver for certain circumstances, such as affordable housing.
- **Fee Modification:** base on square foot rather than unit. Unit fee is regressive because greater impact on smaller/more affordable unit.
- **Alternative sources of payment for impact fees**

Local Governments: Surplus Lands

(j) Land Bank Inventory

- “The preparation of a printed inventory of locally owned public lands suitable for affordable housing.”
- Purpose: Reducing or eliminating the cost of land decreases the cost of developing affordable housing.
- Statutory Requirement since July 2007: Create a Surplus Land Inventory for affordable housing. Statutes 125.379 and 166.0451 (2017)
- Download FHC Surplus Land Guidebook
- <http://www.flhousing.org/wp-content/uploads/2019/02/Surplus-Lands-Guidebook-WEB-2018.pdf>

LAND DONATION: Section 420.615, FL Statutes

- A local government may provide “density bonus incentives” to any landowner who voluntarily donates land to the local government for affordable housing.
 - The land must be subject to deed restrictions.
 - The additional units built do not have to be affordable.

THE FLORIDA HOUSING COALITION

Ongoing Land Bank Activities

First: Identify properties suitable for affordable housing.

Second: Evaluate title or physical issues and correct:

- Clear title issues- need insurable title
- Environmental conditions- clear or mitigate
- Available infrastructure /Access by public roads
- Zoning and Land use classifications
- Proximity to transportation, services, employment centers

Third: Disposition of properties for affordable housing.

INCLUSIONARY HOUSING

ESTATE HOME

0.5 INCLUSIONARY HOUSING
(2400 SQUARED FEET)

1/2 inclusionary lots on 1/4 acre

1 estate lot on 1/4 acre

THE FLORIDA HOUSING COALITION

(c) Density Flexibility

- “The allowance of flexibility in densities for affordable housing.”
- Build more housing on a given plot of land.
- Purpose: Increased density offers an economic incentive.

(e) Accessory Dwelling Units

- “The allowance of affordable accessory residential units in residential zoning districts.”
- **FS 163.3177(2)(a)**
 - “an ancillary or secondary living unit, that has a separate kitchen, bathroom, and sleeping area, existing either within the same structure, or on the same lot, as the primary dwelling unit.”
 - “To promote the use of accessory dwelling units as a tool to help local communities address deficits in the supply of affordable rental housing for very-low-, low-, and moderate-income residents.”
- **ADU may be an apartment within the primary residence OR an attached or freestanding home on the same lot as the primary residence.**
- **Accessory Dwelling Units Model Local Ordinance:**
http://www.aarp.org/home-garden/housing/info-2000/accessory_dwelling_units_model_state_act_and_local_ordinance.html
- **Example: Santa Cruz, California. ADU Manual:**
<http://www.cityofsantacruz.com/home/showdocument?id=8875>

Key Considerations about Density

- **Consider the length of time that units must maintain affordability.**
- **Offer density bonus in targeted area or for any selected parcel of land**
- **Bonuses work best where developers cannot get as much land as they need.**
- **May be more applicable to multi-family rental, rather than to single family subdivisions.**

TIMELINE and RESPONSIBILITIES

THE FLORIDA HOUSING COALITION

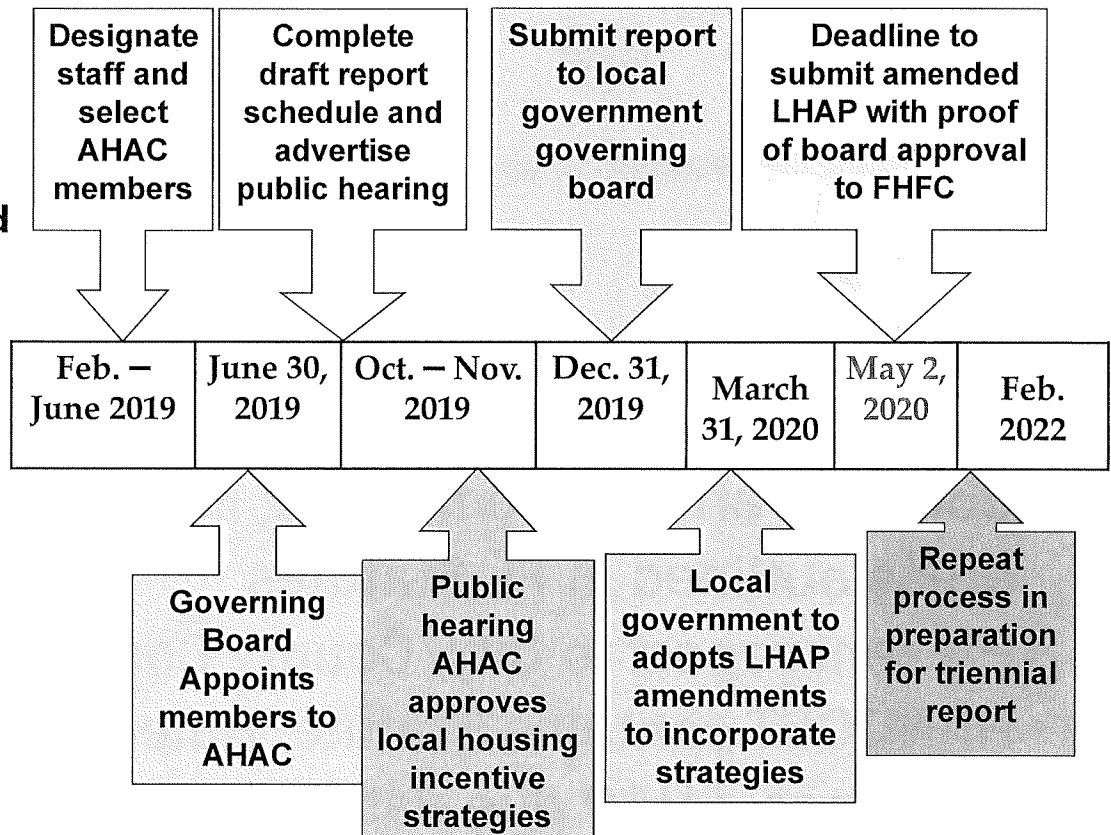

Land Use Code and ADUs

- ADU's be allowed in all single family zoning districts- by right and not as conditional use
- There be no owner-occupancy requirement for ADUs
- Local governments should revise their ADU ordinances to allow accessory dwelling units to be rented on the market
- Local governments should set a square foot limitation rather than a lot proportion of the primary unit
- Do not count ADU's as part of density calculations
- Do not need to regulate ADU's for affordability- they are NOAH (naturally occurring affordable housing)

AHAC Report Timeline

Dates in Black are Recommended Timeline to Meet Deadlines

Dates in Red are Statute or Rule Deadlines.

TIMELINE and RESPONSIBILITIES

STEPS

- Assemble AHAC members
- Consider affordable housing incentives in 11 areas outlined in FL Statutes
- Present report to City/County Commission
- HANDOUT contains Statute/Rule reference, LHAP due dates, AHAC Timeline

THE FLORIDA HOUSING COALITION

POLL What is the status of your AHAC Report?

- **Our AHAC Report is not due now**
- **AHAC committee and report not initiated**
- **AHAC members assembled**
- **Some AHAC meetings completed**
- **Report complete or to be voted on within a month**

AHAC has public meetings, plus a public hearing to vote on report

- **Public Hearing**: Approval of recommendations by affirmative vote of a majority of the members at a public hearing.
- Notice of public hearing time, date, and location must be published in a newspaper of general paid circulation
- Notice must contain a summary of the recommendations and state where a copy may be obtained

Possible AHAC Outcomes

- Recommend adding new incentive strategies
- Recommend changing existing incentive strategies
- No recommendations for anything new
- Commission accepts recommendations
- Commission takes no action

MORE Details on Items A - K

(d) Reservation of Infrastructure

- **“The reservation of infrastructure capacity for housing for very-low-income persons, low-income persons, and moderate-income persons.”**
- **Some parts of Florida do not have enough water, sewer capacity, or transportation concurrency for all potential development.**
 - **A developer may build a house and yet be unable to get water and sewer hook ups.**

More Possible AHAC Responsibilities

AHAC may assist staff in many ways

- **Review new strategies**
- **Enhance existing strategies**
- **Community Outreach and Feedback**
- **Help create SHIP Procedures**

(f) Parking and Setbacks

- **“The reduction of parking and setback requirements for affordable housing.”**
- **Some housing may benefit from a reduction in the required number of parking spaces required by the land use code.**
 - **EXAMPLE: housing for elderly residents or people with disabilities**
- **Regular zoning often comes with standard street requirements**

(k) Proximity

“The support of development near transportation hubs and major employment centers and mixed-use developments.”

Purpose: Decrease transportation costs to increase housing affordability

(h) Street Requirements

- “The modification of street requirements for affordable housing”
- **Example: *An allowance for parking on only one side of the street.***
 - Reduces the required width for the road, reduces paved area and accompanying drainage/water retention
 - This design allows for parking on the street instead of garage/carport
 - This approach may require a public hearing. Allow administrative approval of flexible options
 - Typically not helpful – you don’t want to create substandard subdivisions.

(g) Flexible Lot Configurations

- **“The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.”**
- **Zero-lot-line = two neighboring houses back to back, with a common wall between**
- **15 ft side set-back requirements common,**
 - **Allow smaller setbacks to offer more freedom arranging home on lot.**

Inclusionary Housing Zoning Ordinances

- Large-scale greenfield developments creating new towns with need for permanently affordable housing
- Planned Unit Development with Mixed Uses

Inclusionary Housing in U.S.

- **Several hundred inclusionary housing ordinances. Most are in California and the Northeast- NY, NJ, MA, Vermont**
- **Over 80,000 Californians live in the mixed-income neighborhoods.**
- **Several lawsuits have claimed IZ to be ‘unconstitutional takings’, but none have been successful**
- **Builders Association sued over Tallahassee IZ Ordinance and lost.**
