The Charlotte Harbor Community Redevelopment Agency (CRA) was established in 1992. Since the creation of the CRA, a linear park along the shore of Charlotte Harbor on Bayshore Drive has been completed and a new bridge has been built on Melbourne Street with decorative lighting in place. Central sewer and water lines have been installed setting the stage for opportunities for private investment. Specific [architectural standards](#) continue to enhance the historic character of the area and encourage pedestrian-friendly development.

A portion of the Charlotte Harbor CRA is located within the Charlotte County Enterprise Zone. The Enterprise Zone is an area designated by the State of Florida to provide incentives to help revitalize distressed communities. Incentives include: Sales Tax Refund on certain business machinery and equipment, Refund on sales taxes paid on certain building materials used to construct or renovate buildings including residential located within the zone, Credit on sales tax or Florida Corporate income tax due for

The Harbor Walk will create a new destination in Charlotte Harbor, located on State of Florida owned property at the foot of the north-bound US41 bridge, it will provide a pedestrian connection to the south-bound US41 bridge through a system of pedestrian walkways and boardwalks. This project will provide a regional intermodal trail along Charlotte Harbor connecting significant points of interest and will connect two redevelopment areas, four community parks, and provide enhanced access to Charlotte Harbor.

The Harbor Walk Project is divided into several phases. Phase 1A is approved for funding in July 2014 in the Florida Department of Transportation Work Plan in the amount of \$1.2 million; Phase 1A is “shovel ready” and construction is expected to commence in the Fall of 2014. Phase 1B is approved in July 2015 for \$1.3 million.

Harbor Walk Phase 1A

The Harbor Walk will provide a pedestrian and bicycle connection between the east and west sides of US41 via an intermodal trail. Components of Phase I of the project will include a sidewalk from the foot of the north-bound US41 bridge to Melbourne Street, replacement of the seawall, a pedestrian plaza, promenade, parking and bathroom facilities.

Harbor Walk Phase 1B

Phase 1B includes the key pedestrian connector between the east and west sides of US41, the main commercial corridor, an elevated boardwalk that will provide connection under the dual-span bridges of US41. In addition, a

fishing pier and a water taxi pier will be built. The contract to complete final design and permitting was approved in September 2013.

For more information on the Charlotte Harbor CRA, please visit www.charlottecountyfl.gov/CRA/CharlotteHarbor or call 941-764-4941.
