

The Florida Department of Transportation's (FDOT) contractor, Guymann Construction Inc., starts a widening, resurfacing and utility replacement project on US 41 from Enterprise Drive to the Sarasota/Charlotte County line (to Salford Boulevard). This 3.6 mile project includes expanding the road from four to six lanes, making roadway drainage improvements, installing water and sewer lines, and replacing signals at Enterprise Drive, Toledo Blade Boulevard and S. Cranberry/Cornelius Boulevards. The posted travel speed is 50 miles per hour.

FDOT is committed to building roadways that accommodate all users – drivers, bicyclists, and pedestrians. The project includes new bike lanes and sidewalk on both sides of the road.

Cost of the US 41 project is \$31 million. Project completion is expected spring 2017.

Early work on US 41 involves placement of erosion control. Crews then install new water, reuse water and sewer lines and begin working on drainage and roadway construction.

Median Opening Locations	Existing	Proposed
Enterprise Drive/Paulson Drive	Full/Signal	Full/Signal
Sherbourne Street	Full	Closed
Collingswood Boulevard	Full	Directional
Toledo Blade Boulevard	Full/Signal	Full/Signal
