*For strategies targeting the Special Needs requirement, describe any additional information that will be utilized to ensure this goal is met:

Special Needs Requirement

Each local government must use a minimum of 20 percent of its local housing distribution to serve persons with special needs as defined in s. 420.0004. A local government must certify that it will meet this requirement through existing approved strategies in the local housing assistance plan or submit a new local housing assistance plan strategy for this purpose to the corporation for approval to ensure that the plan meets this requirement. The first priority of these special needs funds must be to serve persons with developmental disabilities as defined in s. 393.063, with an emphasis on home

modifications, including technological enhancements and devices, which will allow homeowners to remain independent in their own homes and maintain their homeownership.

Statutory Revision (new subsection added to 420.9072)

(b) A county or an eligible municipality may not expend its portion of the local housing distribution to provide ongoing rent subsidies, except for:

1. Security and utility deposit assistance.
2. Eviction prevention not to exceed 6 months' rent.
3. A rent subsidy program for very-low-income households with at least one adult who is a person with special needs as defined in s. 420.0004 or homeless as defined in s. 420.621. The period of rental assistance may not exceed 12 months for any eligible household.
