The following petitions were advertised on February 26, 2013: SE-13-002

SE-13-002

Jason Rone is requesting a special exception to allow a mobile home, to be used as a residence, in an Agriculture General (AG) zoning district. The property address is 50680 Bermont Road, Punta Gorda, and is described as Tract T70, located in Section 33, Township 40 South, Range 27 East.

Ken Quillen presented general information and staff findings for the petition.

There were a few questions regarding the easement and access to the property.

Applicant Presentation

Jason Rone, 163 Palm Drive, Naples, applicant, said he was sworn in. Mr. Rone handed out a packet showing the mobile home he is purchasing and a few other documents. He said he recently purchased the property and would like to put the mobile home on the site as his permanent residence.

There was discussion about the easement and access to the property.

Mr. Rone said he was aware there was access, but he does not recall seeing anything in writing.

Mr. Harris, Asst. Co. Attorney, said typically when you have your title work done for the closing, it probably says in there that you have access. He said it is a private matter and without looking at the title policy, it's hard to say, but all properties need to have access.

Chair Ariens opened the meeting to Public Hearing.

Public Input

No one spoke for or against this request.

There being no further requests to speak for or against the petition, Mr. Vieira moved to close the public hearing, seconded by Mr. Fix. The public hearing was closed with a unanimous vote.

Ken Quillen presented the analysis, conclusion and recommended conditions for the petition.

1. The special exception as approved by the Board of Zoning Appeals is for a single manufactured home to be used as a residence.
2. This special exception extends only to the land included in the Site Plan and legal description submitted with this application. Any modification, alteration or revision of this use may require a modification of the special exception.
