## Community Development Department Staff Report for NOPC-15-03-02

**DATE:** April 24, 2015

**TO:** Honorable Board of County Commissioners  
Planning and Zoning Board

**FROM:** Jie Shao, Principal Planner

**REQUESTED**

**ACTION(S):** A privately-initiated request to amend the Sandhill Development of Regional Impact (DRI) Development Order (DO) to add some specific sign requirements to allow one additional pole sign between 40 feet and 80 feet in height to be located on either PA, PD or PE within Parcel 5-13 of Tract 5 of the Sandhill DRI.

---

### PART I

**Applicant(s):** Sandhill Kings, LLC  
14801 Quorum Drive, Suite 160  
Dallas, TX 75254

**Owner(s):** Same as applicant

**General Location and Acreage:**

The Sandhill DRI is located south of the DeSoto County Line, north of Rampart Boulevard, east of Loveland Boulevard and west of the Deep Creek area; Section 7, Township 40 South, and Range 23 East, in the Port Charlotte area. It contains a total of 713.12± acres.

**Account Number(s):** Multi-accounts (see Attachment 1)  
Legal descriptions (see Attachment 2) for properties located within the Sandhill DRI

**STAFF RECOMMENDATION:**

“Approve adoption of Petition No. NOPC-15-03-02 based on the findings and analysis in the Comprehensive Planning Division staff report dated April 24, 2015 and the evidence presented at the public hearing on the application.”

The Planning and Zoning Board proposed recommendations:

“Motion to forward application No. NOPC-15-03-02 to the Board of County Commissioners with a recommendation of Approval/Denial, based on the findings and analysis in the staff report dated April 24, 2015 and the evidence presented at the public hearing on the application.”

**Analysis:****Request**

The applicant, Sandhill Kings, LLC, is applying for a text amendment to the Sandhill Development of Regional Impact (DRI) Development Order (DO). The applicant is requesting the addition of some specific signage standards which would allow one additional pole sign between 40 feet and 80 feet in height to be located on either PA, PD or PE within Parcel 5-13 of Tract 5 within the Sandhill DRI (see Attachment 3).

**Detailed Review**

On January 19, 2015, the applicant's agent sent a letter (see Attachment 4) to the Department of Economic Opportunity (DEO) and emailed the letter to the Southwest Florida Regional Planning Council (SWFRPC) and the County requesting specific sign standards to be incorporated into the Sandhill DRI DO.

On February 2, 2015, the SWFRPC issued a "No NOPC" letter (see Attachment 6) to DEO and copied to the applicant and the County, which states, "...SWFRPC finds that these types of regulatory changes to the Development Order do not create the likelihood of any regional impact and therefore require no procedural review by the Council, Specifically, Council staff has determined that standards for signage are under local jurisdictional review and that an application for a Notice of Proposed Change to SWFRPC, pursuant to F.S. 380.06(19)(e)2, is not required."

On February 4, 2015, DEO issued a letter (see Attachment 5) to the applicant and copied to the SWFRPC and the County, stating, "...The Department finds, in consultation with the Southwest Florida Regional Planning Council, that the proposed amendment is similar in nature, impact, or character to the changes enumerated in Section 380.06(19)(e)(2).a-k., F.S., the proposed amendment does not create the likelihood of any additional regional impact, the proposed amendment does not require the filing of a Notice of Proposed Change, and that the proposed amendment will only require an application to Charlotte County to amend the Development Order in accordance with the County's procedures for amendment of a Development Order."

Therefore, both the SWFRPC and DEO have reviewed the amendment request and have determined that said request qualifies under 380.06(19)(e)2.k, F.S. as an amendment which does not require the filing of a Notice of Proposed Change and only needs to follow the County's procedures to amend the Development Order.

The following sign standards will be incorporated into the Sandhill DRI DO:

- Exterior signage shall meet the sign regulations in effect at the time of permitting.
- One sign located on PA, PD or PE within parcel 5-13 of Tract 5 of the Sandhill DRI, may be a pole sign greater than forty feet tall but no taller than eighty feet above the crown of the adjoining right-of-way on which the parcel fronts.
- A maximum of four individual signs, each not more than 200 square feet for a total of 800 square feet, shall be permitted on the pole sign. The four individual signs may not be connected but must have airspace between them.

The proposed signage standards will allow businesses located north or east of I-75 within Tract 5 to effectively advertise to the travelling public along I-75. The proposed signage standards

will provide an opportunity for businesses to advertise their businesses which will be viewed from I-75, but without creating any negative visual impacts within the community. Therefore, this text amendment to the Sandhill DRI DO (see Attachment 7) will not be contrary to any goals, objective, and policies set forth in the County’s Comprehensive Plan.

**Project Background**

On February 17, 1981, the Charlotte County Board of County Commissioners (Board) approved Planned Development 80-4 (PD 80-4) constituting the Sandhill DRI DO. On September 9, 1986, the Board approved Resolution Number 86-230 which was the first substantial deviation to the Sandhill DRI DO. On December 15, 1992, the Board approved Resolution Number 92-285 which was the second substantial deviation. This resolution removed all phasing and revised the land use allocations. The Department of Community Affairs (now the Department of Economic Opportunity) subsequently filed an appeal of DO Resolution Number 92-285 on February 5, 1993. On May 4, 1993, the Board adopted Resolution Number 93-59 which incorporated settlement language into this DRI DO’s approval conditions. Over the years, the project has undergone ownership changes and numerous DO amendments. The latest DO amendments were adopted in 2009 through Resolution Number 2009-237 to remove 17.18± acres of residential land from the DRI, to reassign the residential development rights associated with the 17.18± acres within the remainder of the DRI, and to correct numerous scrivener’s errors. On June 11, 2013, the Board approved Resolution Number 2013-033 to extend the buildout date of the Sandhill DRI DO to July 3, 2017. On December 9, 2014, the board also approved Resolution Number 2014-174 to allow commercial, assisted living facilities, residential and industrial park uses.

**PART II: RESEARCH AND FINDINGS**

1. **2050 Framework Designation:** Economic Center
2. **2030 Service Area Delineation:** Urban Service Area
3. **Existing Land Use on the Site:** The existing Sandhill DRI contains residential and commercial uses as well as some vacant lands.

**4. Existing Designation(s):**

FLUM	Development Standard
Development of Regional Impact Mixed Use (DRI)	The DRI category is used for lands where development is proposed that, because of the character, magnitude, or location, has a substantial effect upon the health, safety, and welfare of citizens within Charlotte County and at least one additional surrounding county or municipality. Lands designated as such meet the threshold requirements identified within Chapter 380.06, Florida Statutes and must undergo intergovernmental review as specified in that chapter as a Development of Regional Impact (DRI). All developments within a DRI Mixed Use district must be constructed in accordance with a final development order (DO or MDO) approved by the Board of County Commissioners. The mix of land uses and allowed densities and intensities within an approved DRI MDO, or DO if no MDO is approved, shall be adopted into Appendix VI: Developments

	of Regional Impact. Active DRIs are depicted on FLUM Series Map #25.

Re: Amendment to Sandhill DRI Development Order

Dear Brenda:

This firm represents Sandhill Kings, LLC which owns property located within the Sandhill Development of Regional Impact in Charlotte County, Florida.

Sandhill Kings, LLC has proposed an amendment to the Sandhill DRI Development Order which will incorporate standards for the height of commercial signs. No other amendments to the development order are proposed.

Pursuant to §380.06(19)(e)2, Fla. Stat., please confirm, in consultation with the Southwest Florida Regional Planning Council, that this proposed amendment is similar in nature, impact, or character to the changes enumerated in §380.06(19)(e)2.a.-k. and that the proposed amendment does not create the likelihood of any additional regional impact. Please also confirm that this proposed change does not require the filing of a notice of proposed change, but will only require an application to Charlotte County to amend the development order, which, if adopted, must be rendered to the Florida Department of Economic Opportunity, Division of Community Planning, Development & Services.

Very truly yours,

Geri L. Waksler

RE: Sandhill Development of Regional Impact  
File No. ADA-09-1981-009;

Dear Ms. Waksler:

The Department of Economic Opportunity has completed its review of your request of January 19, 2015, for confirmation that a proposed amendment (to incorporate standards for the height of commercial signs) to the Sandhill Development of Regional Impact Development Order meets the requirements of Section 380.06(19)(e)2, Florida Statutes (F.S.). The Department finds, in consultation with the Southwest Florida Regional Planning Council, that the proposed amendment is similar in nature, impact, or character to the changes enumerated in Section 380.06(19)(e)2.a-k., F.S., the proposed amendment does not create the likelihood of any additional regional impact, the proposed amendment does not require the filing of a notice of proposed change, and that the proposed amendment will only require an application to Charlotte County to amend the development order in accordance with the County's procedures for amendment of a development order.

If you have any questions concerning this review, please contact Scott Rogers, Planning Analyst, at (850) 717-8510, or by email at [scott.rogers@deo.myflorida.com](mailto:scott.rogers@deo.myflorida.com).

Re: Amendment to Sandhill DRI Development Order

Dear Ms. Winningham:

Southwest Florida Planning Council (SWFRPC) is in receipt of notification from Ms. Geri Waksler of the offices of McCrory Law Firm, that Sandhill Kings, LLC proposes to amend the Sandhill DRI Development Order to incorporate standards to regulate the height of commercial signage. SWFRPC finds that these types of regulatory changes to the Development Order do not create the likelihood of any regional impact and therefore require no procedural review by the Council. Specifically, Council staff has determined that standards for signage are under local jurisdictional review and that an application for a Notice of Proposed Change to SWFRPC, pursuant to F.S. 380.06 (19) (e) 2, is not required.

Sincerely,

Southwest Florida Regional Planning Council

RESOLUTION  
2015-

A RESOLUTION AMENDING RESOLUTION ~~2009-237~~2014-174, THE SANDHILL DEVELOPMENT OF REGIONAL IMPACT (DRI) DEVELOPMENT ORDER; FINDING THAT THIS AMENDMENT DOES NOT CONSTITUTE A SUBSTANTIAL DEVIATION; AND PROVIDING AN EFFECTIVE DATE.

RECITALS

WHEREAS, on February 17, 1981, the Board of County Commissioners of Charlotte County, Florida ("Board") approved and adopted a Development Order ("DO") for the Sandhill Development of Regional Impact (DRI) Planned Development (PD-80-4), pursuant to Section 380.06, Florida Statutes; and

WHEREAS, Sandhill Properties requested changes to the Sandhill DO that were considered to be a Substantial Deviation from (PD-80-4), and an Application for Development Approval ("ADA") was submitted by Sandhill Properties on September 30, 1985 as well as two supplemental sufficiency responses; and

WHEREAS, on September 9, 1986, the Board approved and adopted Resolution 86-230 which amended the Sandhill DO (PD-80-4) adopted on February 17, 1981; and

WHEREAS, the Sandhill DO adopted by Resolution 86-230 was amended by various resolutions including, but not limited to, Resolution 86-325 on November 18, 1986; Resolution 87-07 on January 20, 1987; Resolution 87-156 on July 21, 1987; Resolution 87-289 on December 15, 1987; Resolution 88-56 on April 19, 1988; Resolution 88-57 on April 19, 1988; Resolution 88-235 on October 4, 1988; Resolution 88-282 on December 20, 1988; Resolution 89-42 on February 21, 1989; Resolution 89-90 on April 25, 1989; Resolution 89-324 on October 24, 1989; Resolution 89-330A on October 31, 1989; Resolution 90-258 on October 16, 1990; Resolution 91-99 on May 21, 1991; and Resolution 91-123 on June 18, 1991; and

WHEREAS, Wallace B. Hinshaw, Jr. and James E. Moore, III, as Trustees requested changes to the Sandhill DO which constituted a Substantial Deviation from the approved DRI and an ADA was submitted on October 23, 1991, as well as one supplemental sufficiency statement on February 10, 1992; and

WHEREAS, on December 15, 1992, the Board approved and adopted Resolution 92-285 which amended the Sandhill DO; and

WHEREAS, the Sandhill DO adopted by Resolution 92-285 was amended by various resolutions including, but not limited to, Resolution 93-59 on May 4, 1993; Resolution 97-0610A0 on July 15, 1997; Resolution 2002-064 on May 28, 2002; Resolution 2002-178 on November 12, 2002; Resolution 2003-028 on February 11, 2003; Resolution 2006-026 on February 21, 2006; Resolution 2006-027 on February 21, 2006, Resolution 2006-173 on September 19, 2006; Resolution 2006-212 on November 21, 2006; Resolution 2007-112 on August 14, 2007; Resolution 2007-161 on October 16, 2007; Resolution 2008-029 on March 18, 2008; Resolution 2008-158; Resolution 2009-237 on August 18, 2009; Resolution 2013-033 on June 11, 2013; Resolution 2014-174 on December 9, 2014; and as amended herein.

### FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. The Sandhill DRI, as described in Exhibit "A" attached hereto and incorporated herein by this reference, is not in an area of critical State concern designated pursuant to the provisions of Section 380.05, F.S.
2. The proposed development does not unreasonably interfere with the achievement of the objectives of any adopted State land development plan applicable to Charlotte County.
3. The granting of the requested amendment to the Development Order as described in Revised Map H submitted by the applicant, attached as Exhibit "B" hereto, is consistent with the local Land Development Regulations, the local Comprehensive Plan, the State Land Development Plan and the State Comprehensive Plan.
4. Section 3-9-49 of the Charlotte County Code requires final development plan approval by the Board of County Commissioners prior to the issuance of construction or other permits by Charlotte County consistent with the Concept Plan and conditions attached hereto and establishes the standards and requirements for the approval of a final development plan.
5. A Municipal Service Taxing Unit has been established, pursuant to Ordinance 86-68 as amended by Ordinance 90-45, for the whole project area to meet the requirements for essential services and municipal services and capital improvements. In addition, right-of-way dedications listed pursuant to Resolution 86-230 have been made.
6. The removal of phasing within the Sandhill DRI as authorized pursuant to the Development Order as amended, and amended herein, permits the Master Plan submitted for the DRI, and in accordance with Capital Improvements commitments and funding made through the MSTU/BU

established for the overall DRI, as well as commitments through developer agreements and designated improvements under the Charlotte County Comprehensive Plan. It is consistent with all conditions and commitments made within the original Development Order for the Sandhill DRI, as amended by Resolution 86-230 and as amended herein.

7. The Sandhill site contains 713.12± acres with the land use distributed and approved as follows:

Residential	154.84 acres	2626 units
***Commercial	249.39 acres	2,008,800 gross square feet
Hotel/Motel		120 units
*Research & Development	4.2 acres	42,000 gross square feet
**Park/Public/Semi-Public	44.3 acres	65,000 gross square feet
Lake	61.4 acres	
Public	2.6 acres	
Mitigation	84.7 acres	
Preservation	6.55 acres	
Roads	37.9 acres	
Nursing Home/ACLF	19.56 acres	458 beds
Industrial	47.64 acres	365,000 gross square feet
Retail Parking Spaces		8,030

\*261,000 gross square feet of the originally approved Research and Development gross square footage was analyzed as commercial retail for traffic purposes

\*\*Building area only applies to Tract 2 Public/Semi-Public 24.78 acres for government offices

\*\*\*On Parcel C-24 of Tract 2, 17,000 square feet of commercial and 120 hotel/motel units.

NOW THEREFORE, be it resolved that the Sandhill DO is deleted in its entirety and replaced with the following:

A. Drainage/Water Quality:

Condition 2. Drainage/Water Quality:

- (1) Subsequent to the issuance of Amended Development Order pursuant to Resolution #86-230, the Sandhill Master Drainage Plan has been submitted and approved by the Southwest Florida Water Management District (SWFWMD),

and the Sandhill MSTU/BU is in place with authorization to assess the properties in the DRI for drainage improvements. For each sub-basin, the following has been completed:

- (a) Detailed survey, design and analysis of downstream discharge capabilities;
  - (b) Submission of the information and design to the County engineer for review and approval;
  - (c) Approval of the construction and funding for the drainage facilities as necessary by the Sandhill MSTU/BU or developer.
- (2) Individual sites will not be approved for stormwater by Charlotte County until any and all downstream facilities for each sub-basin related to that site are in place and certified as proper and functional by an engineer of record registered in the State of Florida except on-site stormwater retention for individual properties will be permitted as a temporary means of accommodating stored drainage provided that they be designed to tie into the master drainage system as soon as downstream facilities are in place.
  - (3) All costs for surveying, engineering and monitoring shall be assessed through the MSTU/BU on a sub-basin basis. Where benefit accrues to a sub-basin, that cost shall not be assessed on parcels outside the sub-basin, however, the benefit shall be assessed on a fair proportionate basis on all parcels in the sub-basin including parcels owned by the government.
  - (4) Prior to any construction associated with this substantial deviation, the applicant shall be required to receive written notice from the Southwest Florida Water Management District stating that the proposed changes do not require a modification of the previously issued conceptual permit or shall obtain such modified permits as required.
  - (5) The development parcels near the roosting area within Tract 2, which includes parcel C-13 as shown on Revised Map H (attached hereto and by reference incorporated herein), shall have shielded lighting (i.e., no spotlights or overhead dusk to dawn lights which may light up the roosting area).

- (6) Any site development plan for the public/semi-public that provides for government office space as herein otherwise permitted near the roosting area shall be reviewed by Charlotte County, the Florida Fish and Wildlife Commission and the Southwest Florida Regional Planning Council for potential impacts to the roost site.

Passive types of recreation shall be encouraged near the roosting area, notwithstanding the development of government office space.

- (7) In order to provide an added buffer to the roosting area, the oak hammock located in the public/semi-public park area on the eastern edge of the roost shall be preserved and, if possible, a fringe of oaks shall be preserved in parcel C-22, and if not possible, there shall be mitigation at the time of final plan approval by providing additional vegetation in the public/semi-public parcel to provide a visual buffer, however, cross access of sixty feet (60') shall be permitted through parcel C-22, parallel to Kings Highway.
- (8) Implementation of the Southwest Florida Water Management District permit requires buffering of existing and created wetlands and the creation of three islands which are intended to function like the existing willow-heads to provide a visual barrier to wetlands and nesting and roosting areas for wading birds.
- (9) All of the wetlands shall be incorporated into the overall design of the project surface water management system.
- (10) Restoration of hydroperiod to wetlands which have been partially drained by past activities.
- (11) The building site and stormwater management system for the automotive convenience maintenance service shall be designed to include appropriate structural elements such as oil water separators, spill containment barriers, sediment collectors, and detention areas to prevent, to the greatest extent technically feasible, automobile generated pollutants from entering receiving bodies. Furthermore, a regular monitoring and maintenance program shall be established by the applicant (developer of the individual site) to ensure that the proper storage and treatment functions of the stormwater management system are maintained, in accordance with the SWFWMD permit.

- B. Energy: The development as proposed would be an all electric development and would increase the energy demands of the region. The applicant has committed in the ADA to provide a variety of energy conservation measures to reduce the impact of that increased energy demand.

Conditions:

As a condition precedent to final detail plan and development plan approval, the applicant shall include the following energy conservation features in the final site plans and architecture for Sandhill Properties:

- (1) Provision of a bicycle/pedestrian system connecting land uses, to be placed along arterial and collector roads within the project, which system is to be consistent with Charlotte County requirements, and provision for bicycle racks or storage facilities in recreational, commercial, and multi-family residential areas.
- (2) Use of energy-efficient features in window design (e.g. tinting and exterior shading).
- (3) Reduced coverage by asphalt, concrete, rock, and other similar substances in streets, parking lots, and other areas to reduce local air temperatures and reflected light and heat.
- (4) Installation of energy-efficient lighting for streets, parking areas, recreation areas, and other in exterior public areas.
- (5) Use of water closets with a maximum flush of 3.5 gallons and shower heads and faucets with a maximum flow rate of 3.0 gallons per minute (at 60 pounds of pressure per square inch) (as specified in the Water Conservation Act, Chapter 553.14, F.S.)
- (6) Selection of native plants, trees, and other vegetation and landscape design features that reduce requirements for water, fertilizer, maintenance, and other needs.
- (7) Planting of native shade trees to provide reasonable shade for all recreation areas, streets, and parking areas, and placement of trees to provide needed shade in the warmer months while not overly reducing the benefits of sunlight in the cooler months.

- (8) Planting of native shade trees for each residential unit.
- (9) Orientation of structures as possible to reduce solar heat gain by walls and to utilize the natural cooling effects of the wind.
- (10) Provision for structural shading (e.g., trellises, awnings, and roof overhangs) wherever practical when natural shading cannot be used effectively.
- (11) Inclusion of porch/patio areas in residential units.
- (12) Cooperation in the locating of bus stops, shelters, and other passenger and system accommodations for any transit system to serve the project area.
- (13) Use of operable windows and ceiling fans.
- (14) Installation of energy-efficient appliances and equipment.
- (15) There shall be no deed restrictions or covenants that would prevent or unnecessarily hamper any of the conservation efforts.

C. Fire Protection:

Conditions:

- (1) As a condition precedent to any detail plan and development plan approval, the developer must obtain from the Charlotte County fire official and, if it has not been consolidated with the County, the representative of the Harbour Heights Fire District, certification that the facilities, equipment and full time paid manpower necessary to provide adequate fire protection to the development will be available to service that portion of the development for which approval is sought. In determining whether to issue such certification, a determination shall be made of whether sufficient revenue will be available from the District's special fire assessment, or from any successor fire assessment district in which the development is included, or from an MSTU set up for this purpose to meet the costs of the additional facilities, manpower, and equipment, and in the event projected revenues from the subject development are not sufficient, the developer may enter into an agreement with the County,

in a form found to be sufficient by the County Attorney, to contribute the additional funds needed. If the County Impact Fee Ordinance is amended to include a public safety component, the developer shall be subject to that component.

- (2) Fire sprinklers shall be included in the commercial and research and development areas, and the common areas of the residential buildings.

- D. Flood Plain/Hurricane Evaluation: The project area has a natural elevation above the category 3 storm surge height (19.0 feet MSL). Furthermore, any community/recreation buildings with onsite shelter potential will have a minimum first floor elevation of 20 feet MSL. The potential for onsite public use areas to serve as areawide hurricane evacuation shelter would provide a use of regional benefits:

Condition:

- (1) The applicant shall meet with Charlotte County Emergency Management to identify those public areas to be used as shelters.

- E. Solid Waste: The project will generate about 37.5 tons of solid waste per day at build out, which will place additional demand on the Charlotte County landfill. The increased size of the commercial uses and the addition of a research and development use could generate significant amounts of hazardous wastes.

Condition:

- (1) As a condition precedent to detail plan and development plan approval, the applicant shall submit to all appropriate local, state and federal agencies for prior approval a plan identifying the proper onsite handling procedures and temporary storage facilities for any generated on site, in accordance with local regional and state hazardous waste programs; this plan shall indicate how the applicant and subsequent tenants will carry out these procedures and maintain these storage facilities.

- F. Wastewater: The applicant estimates the project will generate about 1.31 million gallons per day of waste water at build out. The applicant has committed not to use septic tanks on the project. The

addition of a research and development use and the expansion of the commercial use may change the character of the waste water.

Conditions:

- (1) Consistent with the original development order, as a condition precedent to detail plan and final development plan approval, the applicant must obtain a letter of commitment to serve the project throughout its life prior to construction of each phase or year.
- (2) As a condition of detail plan and final development plan approval, the applicant shall indicate how any waste water containing hazardous waste will be segregated from every day wastewater.

G. Water Supply: Total potable water demands for the project will be according to the applicant 1.7 MGD.

Conditions: As a condition precedent to detail plan and development plan approval:

- (1) The applicant shall demonstrate to Charlotte County and the Southwest Florida Water Management District, through letters of commitment, that adequate water supplies are available for that respective portion of construction throughout the life of the project.
- (2) The applicant shall demonstrate to Charlotte County that a modification to the existing Consumptive Use Permit has been granted by SWFWMD as stipulated within Chapter 40D-2, F.A.C.
- (3) The lowest quality of water possible and appropriate shall be utilized for all non-potable water use.
- (4) Water conservation measures and practices shall be utilized. At a minimum, water conservation devices as described within the Water Conservation Act must be used; landscape irrigation shall be restricted to the hours of 5:00 P.M. to 9:00 A.M. after the establishment of landscaping, the non-potable water sources and/or reuse shall be utilized.

H. Education: The Sandhill DRI will add an estimated 1,256 students to the Charlotte County School System, which are expected to enter Charlotte County schools at a fairly constant rate of 83

students per year. The School Board is under contract to purchase an elementary school site at a cost of \$123,800 with a capacity for 600 students that will serve the Sandhill DRI.

Condition: Prior to final building inspection and issuance of Certificate of Occupancy for residential units, the developer shall contribute the sum of \$26, plus 5% for each year payment is made after 1987, per unit to offset the elementary school acquisition costs; this contribution shall be paid to the Zoning Director. In the event an Impact Fee Ordinance component for schools is established, the developer shall be subject to that component in lieu of this contribution for schools.

I. Transportation:

Condition 12. Transportation

- (a) Site Related Improvements – The property owners and their successors within Sandhill shall be responsible for their site-related roadway and intersection improvements required within the Sandhill DRI. The property owners or their successors shall be required to pay the full cost for any of their site-related intersection improvements (including but not limited to signalization, turn lanes and additional through lanes) found to be necessary by Charlotte County or the Florida Department of Transportation (FDOT) for the project’s access intersections. The MSTU/BU, which has been created for Sandhill, shall be responsible for funding the cost of an Interchange Modification Report, when needed, as shown by the biennial monitoring report, to identify any improvements to the interchange.
- (b) Significant Impacts – Contributions shall be made by the property owners in Sandhill through impact fees and by Charlotte County in order to provide the necessary transportation improvements, including design and engineering, utility relocation, right-of-way acquisition, construction, construction contract administration and construction inspection necessary to maintain the adopted level of service for the following significantly impacted regional and local roadways through project buildout on March 2, 2012.
  - (1) Regional Road Segments

#### Kings Highway

- DeSoto County line to Sandhill Boulevard: 4 lanes (2 additional lanes)
- Sandhill Boulevard to I-75: 6 lanes (2 additional lanes)
- I-75 to Hillsborough Boulevard: 8 lanes (4 additional lanes)
- Hillsborough Boulevard to Midway Boulevard: 6 lanes (2 additional lanes)

#### Hillsborough Boulevard

- Kings Highway to Peachland Boulevard: 6 lanes (2 additional lanes)
- Peachland Boulevard to Murdock Circle: 4 lanes (2 additional lanes)

#### I-75 ramps

- Kings Highway to southbound lanes: 2 lanes (1 additional lane)
- Southbound lanes to Kings Highway: 2 lanes (1 additional lane)
- Northbound lanes to Kings Highway: 3 lanes (2 additional lanes)

#### Local Road Segments

##### Peachland Boulevard

- Loveland Boulevard to Yorkshire Street: 4 lanes (2 additional lanes)

##### Sandhill Boulevard

- Kings Highway to Deep Creek Boulevard: 4 lanes (2 additional lanes)

##### Rampart Boulevard

- Rio de Janeiro Avenue to I-75: 4 lanes (2 additional lanes)
- I-75 to Kings Highway: 6 lanes (4 additional lanes)

#### (2) Regional Intersections

##### Kings Highway/Sandhill

- Signalization/turn lanes

Kings Highway/I-75 NB Ramps  
-Signalization/turn lanes

Midway Boulevard/Loveland Avenue  
-Turn lanes

Midway Boulevard/Beacon Avenue  
-Turn lanes

Midway Boulevard/Conway Boulevard  
-Turn lanes

Midway Boulevard/Harbor Boulevard  
-Turn lanes

Significant Impacts – The estimated cost of construction of the above road links and intersection improvements is \$20,980,000. These improvements would serve Sandhill at buildout in the year 2012 and serve the projected growth in the surrounding area. The proportionate share of Sandhill’s impact of the above improvements is:

Link-Related	\$7,600,150
Intersection-Related	\$1,697,850
Total Project Impacts	\$9,298,000

- (c) Mitigation – As mitigation for the above transportation impacts of the Sandhill DRI, the property owners or their successors shall pay Charlotte County road impact fees in effect at the time building permits are issued pursuant to the Charlotte County Road Impact Fee Ordinance. (Road impact fees are estimated to generate \$10,205,126. In addition, \$1,324,214 of right-of-way donation has been received by Charlotte County. Total project contributions towards needed road improvements are estimated to be \$11,529,340.)

As mitigation for transportation impacts of the 514,500 square feet of commercial retail uses approved for parcels C-21, C-25 and C-1 (“Charlotte Commons Parcels”) within Tract 1 as depicted on Revised Map H, the property owners or their successors shall design, permit and construct the following improvements (the “Improvements”):

Kings Highway and Veterans Boulevard  
(Assume Kings Highway is East-West and Veterans Boulevard is North-South)

1. Add an exclusive Southbound through lane.
2. Add an exclusive 2<sup>nd</sup> Eastbound left turn lane
3. Add a receiving Eastbound through lane (Length approximately 800 ft from Veterans Blvd to I-75)
4. Add an exclusive 2<sup>nd</sup> Westbound right-turn lane
5. Mill and resurface the existing Eastbound right-turn lane to convert to a shared Eastbound through/right-turn lane
6. Signal Upgrade

Peachland Boulevard and Veterans Boulevard

(Assume Peachland Boulevard is East-West and Veterans Boulevard is North-South)

7. Add an exclusive Southbound left turn lane.
8. Add an exclusive Southbound through lane (completed)
9. Add an exclusive 2<sup>nd</sup> Eastbound right turn lane
10. Add an exclusive 2<sup>nd</sup> Northbound left turn lane
11. Upgrade Westbound approach (completed)
12. Signal Upgrade
13. Interconnect

Additionally, the property owners of the Charlotte Commons Parcels or their successors shall:

- 1) Pay Charlotte County road impact fees equal to the total cost of the design, permitting, construction and construction management of the Improvements including interest costs of any construction loan.;
- 2) Provide stormwater drainage and retention for the Improvements within the Charlotte Commons Parcels' stormwater facilities or within the Sandhill DRI stormwater basins.
- 3) Submit design plans for Improvements numbered 1, 2, 4, 6, 7, 9, 11 and 12, above ("Phase I Improvements"), as part of its first submittal to the Development Review Committee for approval of any portion of up to 100,000 square feet of commercial space.
- 4) Submit design plans for Improvements numbered 3, 5, 8, 10, and 13 above ("Phase II Improvements"), as part of its first submittal to the Development Review Committee for approval of any portion of commercial space in excess of 100,000 square feet.
- 5) Prepare, submit and process all necessary permits from local, state and federal agencies for the Improvements. If wetlands are impacted by the design for the Improvements, the property owners of the Charlotte Commons Parcels shall obtain the necessary local, state and federal permits for such impacts. All permit fees, application fees,

administration fees and other expenses will be documented to Charlotte County.

6) Commence Phase I Improvements within 24 months from May 4, 2008.

The approved 514,500 square feet may be constructed in two phases. Phase I shall consist of not more than 100,000 square feet of commercial space. No certificate of occupancy for any portion of the 100,000 square feet of Phase I development shall be issued until the Phase I Improvements are complete. Phase II shall consist of not more than 414,500 square feet of commercial space. No certificate of occupancy for any portion of the 414,500 square feet of Phase II development shall be issued until the Improvements are complete.

The property owners of the Charlotte Commons Parcels or their successors may use such County property as is necessary to design, permit, install, construct and complete the Improvements.

If wetlands are impacted by the design for the Improvements, impacts shall be mitigated. Those mitigation costs attributable to the Improvements will be paid solely and directly by the County.

The property owners of the Charlotte Commons Parcels or their successors will prepare and administer the bid package for construction of the Improvements in coordination with the County Engineer and will notify the County Engineer upon the selection of the qualified lowest contractor bid.

The property owners of the Charlotte Commons Parcels or their successors shall receive road impact fee credits equal to the total cost of the design, permitting and construction of the Improvements including interest costs of any construction loan. The County shall be provided with an updated estimate of costs concurrent with notification to County of the qualified lowest contractor bid.

The property owners of the Charlotte Commons Parcels or their successors shall submit monthly

invoices to County. The invoices shall be subject to review and verification by the County Engineer. Impact fee credits shall be issued by County within thirty (30) days of submission of each monthly invoice. Any amounts that remain uncredited following said 30 day period shall bear interest at the prime rate published from time to time by Wells Fargo Bank.

Road impact fee credits shall only be applied to offset the road impact fees due for development of the Charlotte Commons Parcels and shall not expire. The road impact fee obligation for the Charlotte Commons Parcels shall be equal to the total cost of the design, permitting, construction and construction management of the Improvements including interest costs of any construction loan.

If the Improvements are provided as detailed herein, the Charlotte Commons Parcels shall be deemed vested to construct 514,500 square feet of commercial/retail uses, consistent with any subsequently approved Final Detail Plan.

7) As mitigation for development of Parcels 5-19B, C, F, G, I J K and L with 43,000 square feet of commercial development, 458 assisted living and memory care beds, 365,000 square feet of industrial development and 650 multi-family dwelling units or other development consistent with this Sandhill DRI Development Order that will generate not more than 4,419 net new external trips, the developer shall comply with the terms of the Development Agreement attached as **Exhibit "C"** hereto and incorporated herein by this reference.

- (d) Monitoring – The timing for the initiation of the improvements outlined in Condition 12 (b) above shall be made at the time that a road segment or intersection is projected to exceed the level of service standard adopted in the local comprehensive plan. To determine the existing and projected levels of service on regional and local facilities in need of improvements in a timely manner, the Sandhill DRI through the Sandhill MSTU/BU shall submit a biennial

monitoring report to Charlotte County, FDOT, the Florida Department of Community Affairs and the Southwest Florida Regional Planning Council for review and approval. This first monitoring report shall be submitted one year after the issuance of this development order for the Sandhill DRI Substantial Deviation and every two years thereafter until after buildout of the project in year 2012.

At a minimum, the report shall contain p.m. peak hour trip generation estimates and turning movements at each of the access intersections and the off-site intersections listed above in Condition 12 (b)(2), and a calculation of the peak season peak hour level of service at these intersections and on the road segments indicated above Condition 12 (b)(1). The levels of service shall be calculated according to current professional standards. Prior to submitting each biennial monitoring report, the property owners shall coordinate with the reviewing agencies to review the methodology. The applicant will furnish all traffic analysis in a format compatible with Charlotte County's Comprehensive Plan, Traffic Element, Policy 1.1 and Charlotte County's Concurrency Management System; that is traffic data in the format of "Average Daily Trips" and "Peak Season/Peak Hour".

The biennial monitoring report shall, in addition to current counts and traffic information, provide a projection of project traffic for the following year to be based on anticipated construction for the same period of one year on all of the above listed regional roads and intersections. The projection will include traffic generated by all of the completed project development, all of the portion of the project for which building permits have been issued, and the amount of project development for which the property owners intend to seek building permits in the following year. Also, the biennial monitoring report should indicate the status of those road improvements from the County's Capital Improvements Element that were assumed to be committed for this analysis.

- (e) If the analysis from the biennial monitoring report indicates that any of the identified roadways now exceeds or will exceed during the next year the level

of service standards adopted by the County and the project is utilizing or is projected to utilize more than 5% of the level of service “D” capacity for urban areas or “C” for rural areas, then further building permits shall not be granted, with the exception of building permits for up to 514,500 square feet of commercial retail or less intense development on parcels C-21, C-25 and C-1 within Tract 1 as shown on Revised Map H, until the standards of the County’s concurrency management system have been met and the affected roadway improvement, as identified in this Development Order, is listed as committed for construction based on the criteria listed below.

No building permits for developments beyond those projected in the biennial monitoring report shall be issued until the next biennial monitoring report with projections is performed.

A committed roadway improvement for the purpose of meeting the requirements of Section 380.06(15) (e)2., Florida Statutes, shall be recognized as either:

- 1) A roadway improvement scheduled for construction to commence in or before the first year of the appropriate local government’s Comprehensive Plan capital improvement element. A roadway improvement scheduled for construction to commence in or before the third year of Charlotte County’s Comprehensive Plan capital improvements element will be recognized as a committed roadway improvement; with no additional amendment to this Development Order required, when Charlotte County amends its adopted comprehensive plan and the comprehensive plan amendment is found to be in compliance by final agency action with Rule 9J-5.0055(2)(c), Florida Administrative Code, except insofar as (2)(c) would allow concurrency to be satisfied by using the provision in Rule 9J-5.0055(2)(a)1. – 4, Florida

Administrative Code or Rule 9J-5.0055(2)(b)1. and 2., Florida Administrative Code.

- 2) A roadway improvement scheduled for construction within the first three years of the Florida Department of Transportation's Five Year Work Program; or
  - 3) Any alternative agreed upon by the Charlotte County, SWFRPC, FDCA, and the property owners in Sandhill. The property owners have the right to propose as an alternative, the use of a Local Government Development Agreement pursuant to Section 163.3220, Florida Statutes, which contains commitments by the property owners (potentially including a proportionate share payment) and the local government to provide the necessary improvements which ensures concurrency on all significantly impacted regional and local roads and intersections. As an alternative, the MSTU/BU may provide the necessary improvements pursuant to the above described agreement. Any agreed upon alternative shall be incorporated into this Development Order by amendment pursuant to the procedures set forth in Section 380.06(19), Florida Statutes.
- (f) The location of individual access points to the project shall be determined in consultation with the County Engineer's Department prior to submission of detail plans for approval; access points and curb cuts onto public roads shall be minimized and arterial and collector roads within the project should be constructed to minimize the need for offsite circulation, and an interior roadway and frontage road concept should be utilized within the commercial and research and development areas to enable access to adjoining development without accessing existing streets.

- (g) Parcel C-22 (Parcel 4 in Comprehensive Plan Amendment) shall not have direct access onto Kings Highway; Parcel C-13 (Parcel 5 in Comprehensive Plan Amendment) shall be allowed access in compliance with the Charlotte County Access Management Ordinance; Parcel C-25 shall have direct access onto Loveland Boulevard, however all truck access from Parcel C-25 onto Loveland Boulevard shall be prohibited.

J. Master Concept Plan:

- (1) The Sandhill DRI Master Concept Plan is approved and is attached and incorporated herein as Exhibit "B", Revised Map H, December 6, 2007 Attachment "B" as incorporated into Resolution #86-230 is hereby null and void. Exhibit C provides a site plan that illustrates the area of the Public/Semi-Public section in which government office buildings are permitted.

- (a) All commercial areas are to be restricted to uses permitted in the CG (Commercial, General Classification) of the Charlotte County Zoning Regulations and all listed special exceptions, excluding multi-family, schools and flea markets, and billiard parlors and game arcades, in effect as of the date of Development Review Committee site plan approval, with the exceptions of Parcel 5-19A which shall be restricted to uses permitted in the CN (Commercial, Neighborhood Classification) of the Charlotte County Zoning Regulations, in effect as of the date of Development Review Committee site plan approval and portions of Parcels C-21 and C-25 as depicted on Map H-1, attached as Exhibit "D" hereto, which shall be restricted to uses permitted in the CG (Commercial General Classification) or the following uses:

1. Equipment rental;
2. Wholesale sales;

3. Car wash;
4. Mini-warehouses or storage facilities, but not bulk storage of flammable liquids;
5. Laboratories, class 3, provided central sewer is available;
6. Automobile rental agencies located on a parcel no larger than 1.5 acres;
7. Light manufacturing and assembly in a completely enclosed building;  
and
8. Carpentry, cabinet and machine shops in a completely enclosed building,

and adding as a use “automotive convenience maintenance service” to the commercial general areas which would include; cleaning windshields, checking tire pressure, filling the fluid reservoirs and battery, changing lubricants and filters and replacing bulbs and other items that require periodic maintenance. The uses permitted are subject to the following requirements:

- (i) The landscaping plans for perimeter landscaping of all street parking areas and interior landscaping for drive-thru restaurants and gasoline pumping stations shall be in compliance with regulations in existence at the time of local permitting.
- (ii) All signage shall be in compliance with existing regulations at the time of permitting.
- (iii) The internal circulation system shall comply with regulations in effect at the time of permitting.
- (iv) All perimeter interior landscaping, interior circulation system and signs

shall be consistent with the regulations in effect at the time of permitting.

- (v) All light manufacturing and assembly uses and all carpentry, cabinet and machine shops shall be limited to those internal locations depicted on Map H-1, attached as Exhibit "D" hereto.
- (b) Research and development areas to be restricted to uses found in the OMI (Office, medical, institutional) zoning classification as of the date of Development Review Committee site plan approval and to light manufacturing in completely enclosed buildings and warehousing.
- (c) Substantial buffers shall be provided to protect residential areas from the research and development sites.
- (d) Development standards are to be provided to the Zoning Director and Planning Director for review prior to final detail plan submissions.
- (e) All wetlands shall be preserved, or, when preservation is not possible, mitigated on a one-to-one basis.
- (f) Upland areas which are considered to be important habitat or quality passive recreational sites, including, but not limited to, oak hammocks, shall be identified by the appropriate County employee and the developer prior to site planning. These areas shall be the primary consideration for recreation and/or preservation of natural areas of each development stage. Evidence of compliance with this item shall be the burden of the developer.
- (g) Phasing of recreation areas shall be by section and allocated proportionately to each multi-family project.
- (h) All costs for maintaining and installing additional recreation facilities are to be borne by the developer and/or MSTU/BU. The MSTU/BU was established by December 31, 1986, and the costs for maintaining the public park and open space areas may be funded through it. A site and design plan shall be submitted

to Florida Power and Light for approval for those areas within its easement. The 24.78 acre public/semi-public parcel in Tract 2 is excluded from this section and the County shall provide facilities and maintenance as specified in the Agreement for Park and Surface Water Management Retention Area.

- (i) The Planned Development stipulations and the conditions of this development order are to run with the land.
- (j) The lands designated as mitigation on Revised Map H are those lands in the Water Management District permit that are or will be part of the surface water management system and includes but is not limited to preservation of existing wetlands and mitigation wetlands to be created in the future. Although the precise boundaries of the mitigation areas will be established at the time of final plan approval, the acreage figures are binding.
- (k) Land uses may be increased or decreased in conformance with the Equivalency Matrix in Exhibit "E" attached hereto and incorporated herein by this reference. Pursuant to §380.06(19)(e)2. Fla. Stat., such increases and decreases, which will not increase the number of external peak hour trips and which do not reduce open space and conserved areas within the project shall not be deemed to be a substantial deviation and shall not require the filing of a notice of proposed change but shall require an application to Charlotte County to amend the development order. Following adoption, Charlotte County shall render to the state land planning agency the amendment to the development order.

(l)

- (m)(l) Lands designated as Industrial on Revised Map H are limited to the Permitted Uses and Structures set forth in Sec. 3-9-43(b) of the Land Development Regulations, as they may be amended from time to time, with the addition of laboratories, class 1, 2, 3 and outdoor storage yard which shall also be permitted as conditional uses and with the exception of the following uses which shall be prohibited: biofuel production, dairy, grain, fruit, field crop and

vegetable processing, industrial marina, mass transit stations and sexually oriented business.

~~(n)~~(m) Exterior signage shall meet the sign regulation in effect at the time of permitting. One sign located on PA, PD or PE within parcel 5-13 of Tract 5 of the Sandhill DRI as shown on Exhibit "G", may be a pole sign greater than forty feet tall but no taller than eighty feet above the crown of the adjoining right-of-way on which the parcel fronts. This pole sign shall not be deducted from the sign area allocation of the lot on which the businesses is located. A maximum of four individual signs, each not more than 200 square feet for a total of 800 square feet, shall be permitted on the pole sign. The four individual signs may not be connected but must have airspace between them.

K. Phasing:

Specific properties in land uses incorporated into the Sandhill DRI shall submit detailed preliminary and final plans in accordance with Charlotte County Zoning Regulations as governed by the conditions and commitments contained herein.

L. Housing:

Charlotte County has completed an affordable housing study as a prelude to updating the Housing Element of its Comprehensive Plan in 2010. The study was prepared by Novogradac and Company, LLP and is dated February 6, 2007. Any appropriate mitigation required within the Sandhill DRI as a result of the study shall be reviewed as a notice of proposed change by the Southwest Florida Regional Planning Council.

M. The existing procedures for the granting of building permits being adequate to insure compliance with this order, the Director of Zoning, the Director of Planning, the County Energy Officer, the Director of Building and the County Engineer are designated as the local officials responsible for insuring compliance.

The developer's biennial report required by Chapter 380, Florida Statutes, shall contain copies of all documents filed with the County in connection with final development approval and, after final development approval, shall contain a report by date and filing number of all building and other permits applied for and a statement

of all acts taken toward compliance with the conditions of the final development approval and all information required in section 9B-16.25, F.A.C. The developer shall submit the report beginning October 1, 1987 and each subsequent October 1, until project build-out. The developer shall submit the biennial report to Charlotte County, the Southwest Florida Regional Planning Council, the Department of Community Affairs, and all affected State permitting agencies. If the biennial report is not received, the Southwest Florida Regional Planning Council or the Department of Community Affairs shall notify Charlotte County. If Charlotte County does not receive the biennial report or receives notification that the Southwest Florida Regional Planning Council or the Department of Community Affairs has not received the report, Charlotte County shall request in writing that the developer submit the report within 30 days. Failure to submit the report after 30 days shall result in Charlotte County temporarily suspending this Development Order. This report shall specify the number of parking spaces approved for the commercial and research and development uses.

- N. This order shall terminate July 3, 2017 or upon the completion of the project, whichever shall have occurred first. This Order shall become effective on the 9<sup>th</sup> day of September, 1986.
- O. The developer shall cause to be filed in the public records such notice as will inform prospective purchasers of this Development Order and the conditions established herein for detail plan and final development plan approval, including required reassessments and review.
- P. Legal effect and limitations of this development order and administrative requirements

BE IT FURTHER RESOLVED, by the Board of County Commissioners of Charlotte County, Florida that:

- A. This Resolution shall constitute the Amended Development Order of this Board issued in response to the Development of Regional Impact known as the Sandhill DRI.
- B. All commitments and impact mitigating actions committed to by the project in the original Development Order, subsequent Resolution #86-230, within the September 30, 1985 and October 25, 1991 Substantial Deviation Applications for Development Approval (and supplementary documents) not in conflict with the

conditions or stipulations specifically enumerated herein are hereby incorporated to this Amended Development Order by reference.

C. The terms and conditions set out in this document constitute a basis upon which the developer and County may rely in future actions necessary to implement fully the final development contemplated by this Amended Development Order.

D. All conditions, restrictions, stipulations and safeguards contained in this Development Order may be enforced by either party hereto by action at law or equity, and all costs of such proceedings, including reasonable attorneys' fees, shall be paid by the defaulting party.

E. Any reference herein to any governmental agency shall be construed to mean any future instrumentality which may be created and designated as successor-in-interest to, or which otherwise possesses any of the powers and duties of any referenced governmental agency in existence on the effective date of this Development Order.

F. In the event that any portion or section of this Development Order is determined to be invalid, illegal, or unconstitutional by a court of competent jurisdiction, such decision shall in no manner affect the remaining portions or sections of the Development Order which shall remain in full force and effect.

G. The approval granted by this Development Order is limited. Such approval shall not be construed to obviate the duty of the applicant to comply with all applicable local or state review and permitting procedures, except where otherwise specifically provided. Such approval shall also not obviate the duty of the applicant to comply with any County ordinance or other regulations not in conflict with the provisions herein adopted after the effective date of this Amended Development Order.

H. The Clerk of the Circuit Court is hereby directed to forward a certified copy of this resolution and its attachments to the Southwest Florida Regional Planning Council, 1926 Victoria Avenue, Fort Myers, FL 33901-3414, State of Florida, Department of Economic Opportunity, Division of Community Planning & Development, The Caldwell Building MSC 160, 107 East Madison Street, Tallahassee, FL 32399 and to Jie Shao, Charlotte County Community Development, 18400 Murdock Circle, Port Charlotte, FL 33948.

Land Use to be Increased

1. Land use changes are based on the peak hour of adjacent street traffic, one hour between 4 and 5 PM
2. Equivalency factors are based on the ITE Trip Generation Manual 9<sup>th</sup> Edition, 2012 average rate for each land use
3. When increasing a land use, multiply by the value in the table. When decreasing a land use, divide by the value in the table

Examples:

Increase 50 single-family dwelling units by decreasing 13,500 SF of shopping center ( $50 \times 0.270 = 13.5$ )  
 Increase 10,000 SF of office building by decreasing 15,360 SF of light industrial ( $10 \times 1.536 = 15.36$ )  
 Decrease 15,000 SF. of shopping center by increasing 37,313 SF of office ( $15/0.402 = 37.313$ )

4. Any conversion to residential dwelling units above the maximum approved by the original Sandhill DRI DO, which is 2,626 density units, shall be subject to the Transfer Density Units (TDU) provisions set forth in the County's Comprehensive Plan.

## DEVELOPMENT AGREEMENT

This Development Agreement ("Agreement") is entered into this 9<sup>th</sup> day of December, 2014, by and between ATM II, LLC, a Florida Limited Liability Company ("Developer") and Charlotte County, a political subdivision of the State of Florida ("County").

### RECITALS

WHEREAS, Developer is the contract purchaser of that property located in the Sandhill Development of Regional Impact ("Sandhill DRI") more particularly described in **Exhibit "A"** which is attached hereto and incorporated herein by this reference (the "Property"); and

WHEREAS, Developer, with the authorization of all owners of the Property, has submitted to County a Notice of Proposed Change which would replace a 84.09 acre golf course with 43,000 square feet of commercial development, 458 assisted living and memory care beds, 365,000 square feet of industrial development and 26 multi-family dwelling units (the "Project"); and

WHEREAS, the Project is in the northeast quadrant of the intersection of Interstate 75 and Kings Highway; and

WHEREAS, the Development Order in re the Application of Sandhill Properties, Inc., for PD Zoning and Development Approval was adopted by the Charlotte County Board of County Commissioners ("Board") on February 17, 1981 and subsequently amended by the adoption of Resolutions #86-230 on September 9, 1986, #87-07 on January 20, 1987, #87-156 on July 21, 1987, #87-289 on December 15, 1987, by #88-56 on April 19, 1988, #88-57 on April 19, 1988, #88-235 on October 4, 1988, #88-262 on December 20, 1988, #89-42 on February 21, 1989, #89-90 on April 25, 1989, #89-234 on October 24, 1989, #89-330A on October 31, 1989, #90-258 on October 16, 1990, #91-99 on May 21, 1991, and #91-123 on June 18, 1991; and

WHEREAS, the Board approved a second substantial deviation amendment to the Sandhill DRI Development Order by Resolution 92-285 on December 15, 1992; and

WHEREAS, the substantial deviation Resolution 92-285 was amended by Resolution 93-59 on May 4, 1993; Resolution 97-0610A0 on July 15, 1997; Resolution 2002-064 on May 28, 2002; Resolution 2002-178 on November 12, 2002; Resolution 2003-028 on February 11, 2003; Resolution 2006-026 on February 21, 2006; Resolution 2006-027 on February 21, 2006, Resolution 2006-173 on September 19, 2006; Resolution 2006-212 on November 21, 2006; Resolution 2007-112 on August 14, 2007; Resolution 2007-161 on October 16, 2007; Resolution 2008-029 on March 18, 2008; Resolution 2008-158 and Resolution 2009-237 (all references to the Development Order for the Sandhill DRI shall hereafter refer cumulatively to Resolution 86-230, as amended and Resolution 92-285, as amended and shall hereinafter be the "Sandhill

DO”); and

WHEREAS, on December 16, 1986, the Board adopted Ordinance 86-68 creating a municipal service taxing unit to provide a funding mechanism for essential facilities and municipal services for the Sandhill DRI (“Sandhill MSTU”); and

WHEREAS, the Sandhill DRI has been found to be consistent with the Charlotte County Comprehensive Plan and the Charlotte County land development regulations; and

WHEREAS, County and Developer desire to enter into a Development Agreement setting forth the commitments by the Developer and the County as to transportation improvements necessary to ensure concurrency on all impacted regional roads and intersections as a result of the development of the Project.

NOW THEREFORE, for and in consideration of the premises and in reliance on the mutual promises, covenants, undertakings, recitals and other matters contained herein, the parties hereby covenant and agree as follows:

**1. Land Subject to the Agreement**

The land subject to this Agreement is more particularly described in **Exhibit “A”** attached hereto and incorporated herein by this reference.

**2. Ownership**

DA Port Charlotte Holdings, LLC, Etcetera, Etc Inc. and TA Kings Highway, LLC are the owners of the Project (“Owners”). Developer is authorized to act as agent for Owners.

**3. Permitted Development Uses**

Upon approval of the pending Notice of Proposed Change, the Sandhill DO will approve a total of 43,000 square feet of commercial development, 458 assisted living and memory care beds, 365,000 square feet of light industrial development and 650 multi-family dwelling units on the Property.

**4. Public Facilities**

The Project will receive water and sanitary sewer service from Charlotte County Utilities. Fire control, rescue services, solid waste removal and disposal will be provided by Charlotte County or its assigns.

**5. Reservation, Dedication or Conveyance of Land**

No reservations, dedication, or conveyances of land within the project for traffic purposes are anticipated.

## 6. County Development Permits

The following is a list of the local development approvals that have been granted to date and those that may be required for the development of the Project:

1. Sandhill DO;
2. Preliminary Development Review Committee approval;
3. Final detail plan approval;
4. Preliminary and final plat approval;
5. Construction plan approval;
6. Drainage permit;
7. Right-of-way permit;
8. Building permit.

## Consistency

The County finds that the proposed development entitlements for the Project are consistent with the Charlotte County Comprehensive Plan and with the Charlotte County land development regulations. No development approvals are granted by this finding of consistency.

## 7. Terms of the Agreement

### a. General

1. The Developer's total proportionate share obligation for the Project is Six Hundred Seventy Three Thousand, Seven Hundred Four and 00/100 Dollars (\$673,704.00) (hereinafter "Proportionate Share"). The Proportionate Share is derived from anticipated traffic impacts based on the development parameters set forth in the Sandhill DO, as may be amended.
  - i. The term "proportionate share" shall have the same meaning as in Rule 9J-2.045(1)(h), Florida Administrative Code except that construction cost shall not include the cost of sidewalks, bike lanes, utility relocation, improvement relocations on other private lands (e.g., mail boxes, driveways and trees), landscaping and other urban design elements.
  - ii. County agrees that Developer's compliance with this Agreement shall fulfill its Proportionate Share obligation and fully mitigate the transportation impact of the Project. Upon Developer's completion of its obligations under this Agreement, Developer shall be exempt from any transportation-related assessment or other mitigation for completion of the Project.

- b. Developer shall design, permit and construct the improvements more specifically described in **Exhibit "B"** attached hereto and incorporated herein by this reference (collectively the "Improvements") except that Developer may alternatively pay its proportionate share contribution to signalize the Kings Highway & I-75 Southbound Ramps intersection.

The estimated cost for surveying, design, construction and construction administration of the Improvements is Eight Hundred Forty Three Thousand, Five Hundred Fifty Eight and 00/100 Dollars (\$843,558.00).

- c. If necessary, Developer shall provide stormwater drainage and retention for the Improvements within the Project's stormwater facilities or within the Sandhill DRI stormwater basins.
- d. The Developer shall submit design plans and a transportation impact analysis for Site Plan Review for approval of any portion of the Project. The Developer shall coordinate the locations of any new site access points with Charlotte County Public Works.
- e. The Developer will prepare, submit and process all necessary permits from local, state and federal agencies for the Improvements. If wetlands are impacted by the design for the Improvements, Developer shall obtain the necessary local, state and federal permits for such impacts. All permit fees, application fees, administration fees and other expenses will be documented to the County.
- f. Developer may construct the Project in any number of phases. For each phase of the Project submitted for development approval, Developer shall provide a transportation impact analysis detailing the number of net new external trips that will be generated by the proposed phase. The following improvements or proportionate share payments will be required concurrent with development within the Project. External trip thresholds are cumulative, calculated by adding the net new external trips generated from prior development within on the Property with the net new external trips to be generated by the proposed development on the Property.

1,000 net new external trips or at the time a signal is warranted, whichever is later – Signalization of the site driveway intersection at Kings Highway, south of the existing St. James Place driveway.

1,400 net new external trips – Installation of a traffic signal at the I-75 southbound ramps intersection and signal optimizations at the signalized intersection at the I-75 northbound ramps intersection. Alternatively, Developer may pay its fifty nine percent (59%) proportionate share contribution for design and installation at the time that the signal is warranted.

1,500 net new external trips – Signal optimization of the Sandhill Boulevard & Kings Highway intersection.

Until proposed development within the Project cumulatively generates 1,000 or more net new external trips there shall be no requirement for completing transportation improvements and development within the Project which cumulatively generates less than 1,000 new external trips may receive certificates of occupancy. Once approval is received for development within the Project which will cumulatively generate 1,000 or more net new external trips, no certificate of occupancy for any development which will cumulatively generate 1,000 or more net new external trips shall be issued until the required transportation improvements are complete.

## 8. County Obligations

- a. The Developer may use such County property as is necessary to design, permit, install, construct and complete the Improvements. County, as a political subdivision defined in Section 768.28, Florida Statutes, agrees to be fully responsible to the limits set forth in such statute for its own negligent acts or omissions, and agrees to be liable to the statutory limits for any damages proximately caused by said acts or omissions. Nothing contained in this section shall be construed to be a waiver by County of any protections under sovereign immunity, Section 768.28, Florida Statutes, or any other similar provision of law. Nothing contained herein shall be construed to be a consent by County to be sued by third parties in any matter arising out of this or any other agreement.
- b. If wetlands are impacted by the design for the Improvements, impacts shall be mitigated at the sole cost and expense of Developer.
- c. Developer will prepare and administer the bid package for construction of the Improvements in coordination with the County Engineer. Developer will notify the County Engineer upon the selection of the contractor.
- f. Developer shall receive road impact fee credits equal to the total cost of the design, permitting, construction and construction management of the Improvements including interest costs of any construction loan. Developer shall provide County with an updated estimate of costs concurrent with its notification to County of the selected contractor. If Developer chooses to make a proportionate share contribution, then Developer shall receive road impact fee credits equal to the cost of its proportionate share contribution.
- g. Developer shall submit invoices to County following completed installation of any required improvements. The invoices shall be subject to review and

verification by the County Engineer. Impact fee credits shall be issued by County within thirty (30) days of submission of each invoice. Any amounts that remain uncredited following said 30 day period shall bear interest at the prime rate published from time to time by Wells Fargo Bank.

- h. Road impact fee credits may be applied to offset road impact fees due for development within the areas designated as Schedule A – Urban Zone in Chapter 3-3.5 Impact Fees of the Charlotte County Code of Ordinances and shall not expire.
- i. County agrees to cooperate with Developer, at no liability, loss or expense to County, in all submissions or applications to the appropriate government authorities, to obtain permits, approvals, licenses or authorizations necessary to develop the Property in accordance with Buyer's intended use. Promptly after request from Developer, County will execute such filings, applications, agreements, instruments, documents or similar items so as to enable the accomplishment of all of the foregoing at Developer's cost. To the extent reasonably possible, Developer will execute and/or perform all filings, applications, agreements, documents and similar items in Developer's name.

#### **9. Failure to Comply with the Requirements**

- a. If the Developer fails to comply with the terms of this agreement, then County may withhold building permits for the net new external trips for which no mitigation has been provided.
- b. The parties shall have all rights available by law to enforce this Agreement.

#### **10. Concurrency and Vesting**

- a. If the transportation mitigation is provided in accordance with Section 7 of this Agreement, the Project shall be deemed vested to construct 43,000 square feet of commercial development, 458 assisted living and memory care beds, 365,000 square feet of industrial development and 650 multi-family dwelling units or other development consistent with the Sandhill D.O. that will generate not more than 4,419 net new external trips, consistent with any subsequently approved Final Detail Plan.

#### **11. Impact Fees**

- a. The Developer shall pay road impact fees for construction of the Project.

#### **12. Duration of Agreement**

- a. This Agreement shall be effective upon execution of all parties and shall continue in force until thirty years from the effective date (Termination Date).
- b. This Agreement is executed in order to satisfy the concurrency requirements of the Project through its buildout. Provided that there are no prior acts of default or termination, the parties contemplate that this Agreement will be renewed at regular intervals until the Project is built out. This Agreement may be extended by written mutual consent of the County and Developer.
- c. If Developer has fully complied with the terms of this Agreement upon the Termination Date or upon any expiration of the Sandhill DO and County has not yet performed its obligations on the Termination Date, County is obligated to perform in accordance with the terms of this Agreement as though the Agreement or the Sandhill DO, whichever the case may be, had not expired.

### **13. Amendment of Agreement**

This Agreement may only be amended in writing by mutual consent of the parties or their successors in interest.

### **14. Other Provisions**

- a. The failure of this Agreement to address a particular permit, condition, term or restriction does not relieve the Developer of the necessity of complying with the law governing those permitting requirements, conditions, terms or restrictions.
- b. The terms of this Agreement may not supersede the procedural requirements of Florida law under Chapter 380.06, Florida Statutes.
- c. County, Developer or their successors or assigns may file an action for injunctive relief in the Circuit Court of Charlotte County to enforce the terms of this Agreement.
- d. This Agreement incorporates and includes all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein; and the parties agree that there are no commitments, agreements or understandings concerning the subject

matter of this Agreement that are not contained in or incorporated into this Agreement. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior written or oral representations or agreements.

- e. If any provisions of this Agreement are contrary to, prohibited by, or deemed invalid under any applicable law or regulation, such provisions shall be inapplicable and deemed omitted to the extent so contrary, prohibited or invalid. The remainder of this Agreement shall not be invalidated thereby and shall be given full force and effect.
- f. The parties agree that suits or actions at law arising from the provisions, performance, or breach of this Agreement shall initially be brought in Charlotte County, Florida, and no other jurisdiction. This Agreement shall be construed and interpreted under the laws of the State of Florida.
- g. This Agreement shall not be construed more strictly against any party.
- h. The parties shall have all rights available by law to enforce this Agreement.

**15. Successors and Assigns**

This Agreement shall inure to the benefit of and be obligatory upon the parties hereto and their respective successors and assigns.

**16. Section 163 Development Agreement**

This Agreement is consistent with and governed by the provisions of Sections 163.3220 – 163.3243, Fla. Stat.

**IN WITNESS WHEREOF**, County and Developer have executed this Agreement on the date first above written.

## Exhibit "B"

### List of Improvements

1. Signalize the intersection of the proposed site driveway at Kings Highway to the south of the St. James Place driveway (Project Proportionate Share Percentage: 100%. The proportionate share dollar equivalent will be based on Florida Department of Transportation (FDOT) cost information at time of development.)
2. Signalize the Kings Highway & I-75 Southbound Ramps intersection (Project Proportionate Share Percentage: 59%. The proportionate share dollar equivalent will be based on FDOT cost information at time of development.)
3. Traffic signal optimization at the signalized intersections along Kings Highway from the I-75 interchange to Sandhill Boulevard (Project Proportionate Share Percentage: 100%. The proportionate share dollar equivalent will be based on FDOT cost information at time of development.)
4. If any of the listed improvements were completed by either Charlotte County (County) and/or Florida Department of Transportation (FDOT), the County has the authority to move the funds to other needed improvements within the vicinity of the project.

Re: Clarification of the Development Agreement between ATM II, LLC and Charlotte County which was adopted by Charlotte County Board of County Commissioners on December 9, 2014

Dear Mr. Moye:

This firm represents ATM II, LLC. The above-referenced Development Agreement ("DA") and the Sandhill DRI NOPC, which incorporates the DA, were presented and adopted by the Board of County Commissioners at its December 9, 2014 Land Use meeting. Subsequent to the meeting, it was discovered that Paragraph 7.b. on Page 4 of the DA could be interpreted in a way that was not the mutual understanding and intent of the parties. The current language reads:

Developer shall design, permit and construct the improvements more specifically described in **Exhibit "B"** attached hereto and incorporated herein by this reference (collectively the "Improvements") except that Developer may alternatively pay its proportionate share contribution to signalize the Kings Highway & I-75 Southbound Ramps intersection.

Therefore, in an abundance of caution, this letter is being sent to clarify and confirm that the mutual understanding and intent of the parties is better understood as follows:

Developer shall design, permit and construct the improvements more specifically described in **Exhibit "B"** attached hereto and incorporated herein by this reference (collectively the "Improvements"). However, Developer may alternatively pay its proportionate share contribution for any or all of the improvements described in **Exhibit "B"** while remaining obligated to design, permit and construct any of the described improvements for which the

proportionate share contribution has not been paid.

Very truly yours,

APPLICATION FOR TEXT AMENDMENT TO THE  
SANDHILL DEVELOPMENT OF REGIONAL IMPACT  
DEVELOPMENT ORDER

Sandhill Kings, LLC

Sandhill Kings, LLC is applying for a text amendment to the Sandhill Development of Regional Impact Development Order. This application does not require the filing of a Notice of Proposed Change as determined by the Florida Department of Economic Opportunity (FDEO) in consultation with the Southwest Florida Regional Planning Council (SWFRPC), pursuant to Section 380.06(19)(e)2, Florida Statutes. Copies of the determination letters from the FDEO and SWFRPC are enclosed with this application.

The proposed amendment will permit one additional pole sign between 40 feet and 80 feet in height to be located on either Parcel A, Parcel D or Parcel E of the Sandhill Commons subdivision within Tract 5-13 of the Sandhill DRI. Additionally, this pole sign is permitted to advertise any business located within Tract 5, up to a total of four (4) businesses. Each business will be permitted one sign not to exceed 200 square feet. This will allow businesses located within Tract 5 to effectively advertise to the travelling public along I-75. The ability to advertise multiple businesses on one sign eliminates the need for additional signs in excess of the 20 feet that is permitted by right under Charlotte County's sign ordinance (Sign Ordinance). Each business that advertises on the pole sign will retain its full signage allocation and will still be permitted to erect additional signage on the lot in which the business is located in accordance with the Sign Ordinance.

The 80 foot height limitation is consistent with the height of the three pole signs permitted for this purpose within the commercial areas of the Harborview DRI, which is also located along I-75.
