ORDINANCE

NUMBER 980730A0

(98-073)

AN ORDINANCE AMENDING CHAPTER 4-5, ARTICLE XIII, CHARLOTTE COUNTY CODE, AMENDING THE WEST CHARLOTTE STORMWATER UTILITY DISTRICT, INCLUDING AMENDING THE GEOGRAPHIC TERRITORY INCLUDED WITHIN THE UNIT, AMENDING THE PURPOSE OF THE UNIT, AMENDING THE DEFINITIONS APPLICABLE TO THE UNIT, PROVIDING THE AUTHORITY AND PROCEDURE FOR IMPOSING AND COLLECTING MAINTENANCE AND CAPITAL PROJECT ASSESSMENTS, PROVIDING FOR THE ISSUANCE OF DEBT OBLIGATIONS, PROVIDING SEVERABILITY, AND PROVIDING AN EFFECTIVE DATE

RECITALS

WHEREAS the Board of County Commissioners established, by Ordinance 91-64, the West Charlotte Stormwater Utility District for the purpose of planning, constructing, operating and maintaining a stormwater management system in the western portion of Charlotte County, and

WHEREAS the Board of County Commissioners has determined that certain amendments to the municipal service benefit unit, as initially established, are needed to more efficiently provide for and fairly assess stormwater management projects and maintenance within the unit.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Charlotte County, Florida:

Section 1. Charlotte County Code, heading to Article XIII, is amended to read as follows

ARTICLE XIII. WEST CHARLOTTE STORMWATER UTILITY DISTRICT UNIT

FILE # 91-64 OR BOOK 199 PAGE 136, RECORD 1272/98 8-01-98
CHARLOTTE COUNTY, FLORIDA, SEPT. 1, 1998
FEE \$15.00
RECEIVED

Section 2. Charlotte County Code, Section 4-5-282 is amended to read as follows:

Sec. 4-5-282. Unit established.

There is hereby created, pursuant to the authority contained in F.S. Sections 125.01 and 403.0893, a municipal service benefit unit to be known as the West Charlotte Stormwater Utility District ("district") Unit ("unit")

Section 3. Charlotte County Code, Section 4-5-283 is amended to read as follows:

Sec. 4-5-283. Territory.

The territory included within the district unit shall include only the following portions a portion of the unincorporated area of Charlotte County, more particularly described as follows:

1. All land lying west of the Myakka River in Sections 18, 19, 29, 30, 31, 32, 33 and 34, Township 40 South, Range 21 East.
2. All land lying in Sections 1, 2, 12 and 13, Township 41 South, Range 19 East.
3. All land lying in Township 41 South, Range 20 East.
4. All land lying in Sections 4 through 10 (inclusive), 15 through 23 (inclusive), and 26 through 35 (inclusive), Township 41 South, Range 21 East.
5. All land lying west of the Myakka River in Sections 1, 2, 3, 11, 12, 13, 14, 24, 25 and 36, Township 41 South, Range 21 East.
6. All land lying in Sections 1 through 4 (inclusive), 10 through 16 (inclusive), 21 through 27 (inclusive), 34 and 35, Township 42 South, Range 20 East.
7. All land lying in Township 42 South, Range 21 East.

8 - All land lying west of Charlotte Harbor in Sections 6, 7, 18, 19, 30 and 31, Township
42 South, Range 22 East.

All lands in Charlotte County bounded on the West by the Intercoastal Waterway, on the
North by the County Line with Sarasota County and the City of Northport, on the East by the waters
of the Myakka River and Charlotte Harbor, and on the South by the waters of Charlotte Harbor,
inclusive.

Section 4. Charlotte County Code, Section 4-5-284 is amended to read as follows:

Sec. 4-5-284. Governing body.

The Board of County Commissioners of Charlotte County, Florida, shall be the governing
body of the district unit.

Section 4. Charlotte County Code, Section 4-5-285 is amended to read as follows:

Sec. 4-5-285. Purpose.

The purpose of the district unit is to provide for the financing, design, construction,
maintenance and operation of a stormwater management system, plan for future infrastructure needs,
accrue or borrow funds for future work, and carry out such work. It is not the intent of the Board
of County Commissioners in either the adoption of this article or the establishment of the district unit
solely by the action of such adoption or establishment, that the district unit assume any independent
liability or obligation (without regard to whether the liability or obligation arises from provision of
contract, statute, administrative code or permit) of any private person or private entity. The Board,
however, by separate vote, may assume such obligations in specifically identified circumstances, with
the vote spread on the minutes of the Board of County Commissioners.

Section 6. Charlotte County Code, Section 4-5-286 is amended to read as follows:

Sec. 4-5-286. Definitions.

For the purpose of this article, the following definitions shall apply; words used in the singular shall include the plural, and the plural, the singular; words used in the present tense shall include the future tense. The word "shall" is mandatory and not discretionary. The word "may" is permissive. Words not defined herein shall be construed to have the meaning given by common and ordinary use as defined in the latest edition of Webster's Dictionary.

1. *Annual maintenance rate resolution* means the resolution described in Section 4-5-294, establishing the rate at which the maintenance assessments for a specific fiscal year will be computed.
2. *Assessment roll* means a non-ad valorem assessment roll relating to an assessment approved by a resolution as required in this article.
3. *Benefit area* means any portion of a benefit unit (which may be the entire benefit unit) that is specially benefitted by one (1) or more specific capital projects or maintenance projects.
4. *Benefit unit* means a municipal services benefit unit established pursuant to F.S. Section 125.01.
4. *Board* means the Board of County Commissioners of Charlotte County, Florida.
5. *Bonds* means the bonds issued by the County pursuant to Section 4-5-296, payable from the pledged revenues.
6. *Capital cost* means, as applied to any capital project:
 - a. The cost of physical construction, reconstruction or completion.

- b. The costs of acquisition or purchase.
- c. The cost of all labor, materials, machinery and equipment.
- d. The cost of all lands and interest therein, property rights, easements and franchises of any nature whatsoever.
- e. The cost of any indemnity or surety bonds and premiums for insurance during construction.
- f. Interest prior to and during construction, for such period of time after completion of the construction or acquisition of such capital project as the Board deems appropriate, and for such period of time after the issuance of the bonds, notes and existing obligations as may be necessary to collect the initial annual installment of capital project assessment.
- g. Amounts necessary to pay redemption premiums or other costs associated with the early retirement of bonds, notes or existing obligations related to the capital project.
- h. The creation of reserve or debt service funds.
- i. Costs and expenses related to the issuance of bonds, notes or existing obligations related to the capital project, all financing charges and any expenses related to any liquidity facility or credit facility.
- j. The cost of construction plans and specifications, surveys and estimates of costs.
- k. The cost of engineering, financial, legal and other consultant services associated with the capital project.

- i. The cost of engineering, financial, legal and other consultant services and other cost associated with the structure, implementation and collection of capital project assessments, including any service charges of the tax collector or property appraiser and amounts necessary to offset discounts received for early payment of capital project assessments pursuant to applicable law.
 - m. All other costs and expenses properly attributable to such acquisition or construction and such other expenses as may be necessary or incidental to financing authorized by this article; and including reimbursement of the county or any other person, firm or corporation for any monies advanced for any costs incurred by the County or such person, firm or corporation in connection with any of the foregoing items of cost.

With respect to any specific benefit unit, the Board may elect to include as an additional element of capital cost a contingency amount of to offset any errors in the capital project assessment roll which, upon correction, will reduce the aggregate amount of capital project assessments reflected therein, for the purpose of providing relief to the owners of specific parcels of property which, because of the special nature of such property, have not been assessed equitably.
7. *Capital project* means a project creating or replacing the master plan, the infrastructure of the stormwater management system, or the studies and facilities required for compliance with the National Pollutant Discharge Elimination System (NPDES) under the Federal Clean Water Act, 33 U.S.C. 1251 et seq.

8. *Capital project assessment* means a non-ad valorem assessment or reassessment lawfully imposed by the County for the payment of capital costs in accordance with the terms of this article against properties specially benefitted by one (1) or more specific capital projects.
9. *Capital project assessment roll* means a non-ad valorem assessment roll relating to a capital project assessment, approved by a final capital project resolution as required by Section 4-5-293 this article.
10. *Clerk* means the clerk of the circuit court of the County, ex-officio clerk of the Board, or any deputy clerk.
11. *County* means Charlotte County, Florida.
12. *Developed property* means that which has been altered from its natural state by the addition of any improvements such as a building, structure, impervious surface, change of grade, or landscaping. New construction shall be considered developed property subject to this article: (i) upon issuance of a certificate of occupancy, or upon completion or construction or final inspection if no such certificate is issued; or (ii) where construction is at least fifty (50) percent complete and construction is halted for a period of three (3) months.
13. *Director* means the director of the public works department or his designee.
14. *Equivalent residential unit (ERU)* means the statistical average horizontal impervious area of residential property (single-family, mobile homes, multifamily, condominiums, etc. within the unincorporated area of Charlotte County). The horizontal impervious

area includes, but is not limited to, all areas covered by structures, roof extensions, patios, porches, ~~driveways~~ and sidewalks.

+5.14. *Final capital assessment resolution* means the resolution described in Section 4-5-293, which shall confirm or deny the initial capital assessment resolution and which shall be the final proceeding for the imposition of a capital project assessment.

+6.15. *Final maintenance assessment resolution* means the resolution described in section 4-5-294, which shall confirm or deny the initial maintenance assessment resolution and which shall be the final proceeding for the imposition of a maintenance assessment.

+7.16. *Initial capital assessment resolution* means the resolution described in Section 4-5-293, which shall be the initial proceeding for the imposition of capital project assessments.

+8.17. *Initial maintenance assessment resolution* means the resolution described in Section 4-5-294, which shall be the initial proceeding for the imposition of a maintenance assessment.

+9.18. *Maintenance assessment* means a non-ad valorem assessment lawfully imposed by the County for the payment of maintenance costs of the stormwater management system unit.

20.19. *Maintenance assessment roll* means a non-ad valorem assessment roll relating to maintenance costs, approved by a final maintenance assessment resolution pursuant to Section 4-5-294 or an annual maintenance rate resolution pursuant to Section 4-5-294.

24.20 *Maintenance cost* means the County's reasonable and necessary expenses for maintenance of the stormwater management system unit, including maintenance required for compliance with the National Pollutant Discharge Elimination system (NPDES) under the Federal Clean Water Act, 33 U.S.C. 1251 et seq. Maintenance cost shall include but not be limited to personnel costs, administration expenses, insurance and surety bond premiums, legal and engineering expenses, ordinary and current rentals of equipment or other property, and any other expenses required to be paid for or with respect to proper maintenance of such facilities, all to the extent properly attributable to such facilities, and shall include any "indirect cost" properly allocated thereto. Maintenance cost shall also include the cost of engineering, financial, legal and other consultant services and any other cost associated with the structure, implementation and collection of maintenance assessments, including any service charges of the tax collector or property appraiser and amount necessary to offset discounts received for early payment of maintenance assessments pursuant to applicable law. With respect to any specific benefit unit, the Board may elect to include as an additional element of maintenance cost a contingency amount to offset any errors in the maintenance assessment roll which, upon correction, will reduce the aggregate amount of maintenance assessments reflected therein, for the purpose of providing relief to the owners of specific parcels of property which, because of the special nature of such property, have not been assessed equitably.

24.21 *Master plan* means a comprehensive analysis that identifies the overall capacity and present condition of the stormwater facilities, estimates future infrastructure needs of

the county, and prescribes a building, maintenance and financing program designed to meet those needs. The master plan encompasses all three (3) benefit units providing stormwater management services for the county.

23.22 *Maximum maintenance assessment rate* means the maximum rate of assessment for maintenance services established by the final maintenance assessment resolution.

24. *Nonresidential property* means any lot or parcel not exclusively residential as defined herein, including transient rentals such as hotels and motels.

25.23 *Notes* means notes issued in anticipation of bonds as permitted by Sections 4-5-291 and 4-5-296 herein.

26.24 *Pledged revenues* means (a) the proceeds of the bonds, including investment earnings; (b) proceeds of the capital project assessments, as specified by the resolution authorizing the bonds; and (c) any other non-ad valorem revenues or other legally available monies specifically pledged by the county under the resolution authorizing the bonds.

27. *Residential property* means any lot or parcel developed exclusively for residential purposes, including, but not limited to, single-family homes, manufactured homes, multifamily apartment buildings, and condominiums.

28.25 *Stormwater* means that part of the precipitation that travels over natural, altered or improved surfaces to the nearest stream, channel or impoundment, and that ultimately appears in the surface waters of the state.

29.26 *Stormwater management system* means the existing stormwater management of the county and all improvements thereto that (i) control discharges due to rainfall; (ii)

Incorporate methods to collect, convey, store, absorb, inhibit, treat, use or reuse stormwater to prevent or reduce flooding, over-drainage, environmental degradation and water pollution.

Section 7. Charlotte County Code, Section 4-5-287 is deleted in its entirety.

Section 8. Charlotte County Code, Section 4-5-288 is deleted in its entirety.

Section 9. Charlotte County Code, Section 4-5-289 is deleted in its entirety.

Section 10. Charlotte County Code, Section 4-5-290 is deleted in its entirety.

Section 11. Charlotte County Code, Section 4-5-291 is renumbered and amended to read as follows:

Sec. 4-5-291 4-5-287. Powers.

The Board shall have the following powers within the district unit:

- (1) To adopt a budget.
- (2) To appoint an advisory committee that will offer recommendations to the Board as to the timing, nature and quantity of work to be performed.
- (3) To acquire, improve and construct capital projects.
- (4) To impose and collect capital project assessments in the manner provided herein.
- (5) To authorize and issue bonds payable from pledged revenues to finance the capital cost of the capital projects.
- (6) To authorize and issue notes to finance the capital cost of the capital project.
- (7) To acquire in the name of the county, either by purchase or the exercise of the right of eminent domain by the county, such lands and rights and interests and to acquire

such personal property as may be deemed necessary in connection with the acquisition and construction of the capital projects.

- (8) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this article, and to employ such consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers and other employees, contractors and agents as may, in the judgment of the Board, be deemed necessary or convenient and to fix their compensation.
- (9) To pay from any funds that may be available for that purpose such portion of the capital costs or financing costs (including costs incident to refinancing the existing obligations) associated with any capital project as it may deem proper.
- (10) To maintain the facilities within the district in good repair and in sound operating condition and to make all necessary repairs, renewals and replacements to such facilities.
- (11) To impose and collect maintenance assessments in the manner provided herein.
- (12) To establish a stormwater utility trust fund for the deposit of all fees and charges collected by the stormwater utility. These funds shall be for the exclusive use of the benefit unit's stormwater management system, including but not limited to the following:
 - a. Operation and maintenance of the system
 - b. Funding of pollution abatement devices constructed on stormwater systems discharging to the surface water of the county.

- c. Administrative costs associated with the management of the stormwater utility.
- (13) To exercise any and all of the powers of the county not enumerated above necessary or incidental for the purpose of providing the services, improvements and benefits described herein.

Section 12. Charlotte County Code, Section 4-5-292 is deleted in its entirety.

- Section 13. Charlotte County Code, Section 4-5-293 is renumbered and amended to read as follows:

Sec. 4-5-293 4-5-288. Capital project assessments.

(a) *General authority.* The board may provide for the capital cost of one (1) or more capital projects, in the benefit unit in which such capital projects are located, by capital project assessments upon benefited property within the benefit unit at a rate of assessment based on the special benefit accruing to such property from such projects. For the purpose of imposing capital project assessments, a benefit unit may be divided into benefit areas. Capital project assessments shall be assessed in conformity with the procedures set forth in this section. The computation of capital project assessments shall be made on the basis of a general methodology designed to provide the maximum achievable equity among properties within each benefit unit or benefit area, which methodology shall be applied uniformly against all similar properties.

(b) *Initial proceedings.* The initial proceeding for imposition of a capital project assessment shall be the passage by the Board of an initial capital assessment resolution ordering the acquisition, construction or reconstruction of assessable improvements constituting an individual capital project or several capital projects indicating, in general, the location (the location may be established by

reference to boundaries or a map or by reference to the benefit unit) and description of such improvements, which shall be sufficient to enable the public works director to prepare the preliminary plans and specifications of such improvements as described in this section. The initial capital assessment resolution may also state the portion, if any, of the capital project to be paid by the county and shall state the estimated capital costs of the capital project, if available, and the method of assessment, which may be by frontage, acreage, square footage, parcel or any other combination thereof or any other method deemed equitable by the board. An initial capital assessment resolution may be combined with an initial maintenance assessment resolution. The improvements constituting the capital project or capital projects need not be contiguous and may be in more than one (1) locality or street. The initial capital assessment resolution ordering any such improvement may give any short and convenient designation to each improvement ordered thereby. If the board has elected to include as an additional element of capital cost a contingency amount to offset any errors in the capital project assessment roll, the initial capital assessment resolution may provide (i) a brief description of the characteristics of specific parcels of property which may be entitled to relief; (ii) the period in which the owners of such property may petition for relief; and (iii) an other provisions reasonably related to such contingency amount.

(c) *Plan and specifications.* For any capital project that has not yet been constructed, the public works director shall, as soon as possible after the passage of the initial capital assessment resolution, prepare or cause to be prepared, preliminary plans, specifications and capital cost estimates for the improvements constituting the capital projects. The plans and specifications need only be in sufficient form to enable the public works director to estimate the capital costs of the capital project and prepare the capital project assessment roll. The public works director shall not be required to prepare

preliminary plans and specifications for improvements previously constructed, but shall in lieu thereof provide a general description of the nature and location of such improvements.

(d) *Capital project assessment roll.* The public works director shall also prepare, or cause to be prepared, the capital project assessment roll, which shall contain the following:

- (1) A summary description of lots and parcels of land or land within the benefit unit (conforming to the description contained on the tax roll) which will benefit from such assessable improvements constituting the capital project or capital projects and the amount of such benefits to each such lot or parcel of land.
- (2) The name of the owner of record of each lot or parcel as shown on the tax rolls.
- (3) The total capital cost of improvements to be assessed against each benefited lot or parcel.

Such plans, specifications, and capital cost estimates and the capital project assessment roll shall be provided to the clerk and retained by the public works department and shall be open to public inspection. The capital project assessment roll shall be retained by the municipal service benefit unit section in the county administration building and shall be open to the public. The foregoing shall not be construed to require that the capital project assessment roll be in printed form if the amount of the capital project assessment for each parcel of property can be determined by use of a computer terminal available at each said location.

(e) *Notice by publication.* The county administrator, upon the filing of such plans, specifications, capital cost estimates and capital project assessment roll, shall publish once a week in a newspaper of general circulation, published and circulating in the county, a notice stating that a meeting of the board on a certain day and hour, not earlier than twenty (20) calendar days from such

publication, which meeting shall be a regular, adjourned or special meeting, the board will hear objections of all interested persons to the final capital project resolution which shall approve the aforementioned plans, specifications, capital cost estimates and the capital project assessment roll. The published notice shall conform to the requirements set forth in F.S. Sections 197.3632 and 197.3635, or any successor statutes authorizing the collection of non-ad valorem assessments on the same bill as ad valorem taxes. Such notice shall include:

- (1) A geographic depiction of the property subject to the capital project assessment.
- (2) A brief and general description of the applicable capital project with the location thereof (location may be established by reference to boundaries or a map or by reference to the benefit unit).
- (3) The procedure for objecting provided in this section.
- (4) A statement that plans, specifications, and capital cost estimates and the capital project assessment roll, which shall include the method or methods of assessment, are available for inspection at the offices of the Clerk and the public works department, and the capital project assessment roll, which shall include the method or methods of assessment, are available for inspection, and all interested persons may ascertain the amount to be assessed against a lot or parcel of property at the offices of the clerk and the Public Works Department municipal service benefit unit section in the county administration building.

The notice required by this section may be combined with the maintenance assessment notice required by Section 4-5-294 herein.

(f) *Notice by mail.* In addition to the published notice required by this section, the county administrator shall provide notice by first class mail to each property owner proposed to be assessed. The mailed notice shall conform to the requirements set forth in F.S. Sections 197.3632 and 197.3635, or any successor statutes authorizing the collection of non-ad valorem assessments on the same bill as ad valorem taxes. Notice shall be mailed at least twenty (20) calendar days prior to the hearing to each property owner at such address as is shown on the tax rolls. Notice shall be deemed mailed upon delivery thereof to the possession of the U.S. Postal Service. The county administrator may provide proof of such notice by affidavit. The notice required by this section may be combined with the maintenance assessment notice required by Section 4-5-294 herein.

(g) *Adoption of final capital assessment resolution.* At the time named in such notice, or to which an adjournment or continuance may be taken by the board, the board shall receive any written objections of interested persons and may then or at any subsequent meeting of the board adopt the final capital project resolution, which shall:

- (1) Approve the aforementioned plans, specifications and capital cost estimates, with such amendments as it deems just and right.
- (2) Repeal or conform the initial capital assessment resolution with such amendments, if any, as may be deemed appropriate by the board.
- (3) Approve the capital project assessment roll, including the method of assessment, with such amendments as it deems just and right.
- (4) Establish the interest rate or the method of determining the rate of interest (payable either in advance or in arrears) which the capital project assessments shall bear, including the date from which such interest shall accrue.

A final capital assessment resolution may be combined with a final maintenance assessment resolution. Capital project assessments shall be levied against all property in the applicable benefit unit or benefit area specially benefited by the improvements. The board shall not approve any capital project assessment in excess of the special benefits to the property assessed, and the capital project assessments so approved shall be in proportion to the special benefits. All objections to the final capital project resolution shall be made in writing, and filed with the clerk at or before the time or adjourned time of such hearing. If the Board has elected to include as an additional element of capital cost a contingency amount to offset any errors in the capital project assessment roll, the final capital project resolution may provide (i) a brief description of the characteristics of specific parcels of property which may be entitled to relief, (ii) the period in which the owners of such property may petition for relief, and (iii) any other provisions reasonably related to such contingency amount.

(h) *Effect of final capital assessment resolution.* Capital project assessments shall be established upon adoption of the final capital project resolution. The adoption of the final capital project resolution shall be the final adjudication of the issues presented (including, but not limited to, the method of assessment, the capital project assessment roll, the plans and specifications, the estimated capital cost of the capital project, the levy and lien of the capital project assessments and the interest rate the capital project assessments shall bear (including the date from which such interest shall accrue) unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within twenty (20) days from the date of board action of the final capital project resolution. Notice of the lien of the capital project assessments shall be recorded in the official records book in the office of the clerk. Such notice shall provide in general the locations of the property which are assessed and direct interested parties to the capital project assessment roll, upon approval thereof. The final capital

project resolution shall provide for the rate of interest or the method of determining the rate of interest (payable either in advance or in arrears) which the capital project assessments shall bear, including the date from which such interest shall accrue. The amount of the capital project assessment against any lot or parcel which may be reduced or abated, unless the non-ad valorem assessment upon the entire benefit unit or benefit area be reduced or abated, may be made chargeable against the applicable benefit unit or benefit area at large. Notwithstanding the foregoing, if the board has elected to include as an additional element of capital cost a contingency amount to offset any errors in the capital project assessment roll, the owners of property having the characteristics described in the final capital assessment resolution may petition for relief within one (1) year of the date such final capital assessment resolution is adopted.

- (i) *Payment of capital project assessments.* Unless specifically authorized and approved by the tax collector county, no prepayments of capital project assessments shall be accepted. All capital project assessments shall be payable in installments (in the manner provided by resolution of the board), with interest on the outstanding balance (payable either in advance or in arrears) at the rate and from the date set by the final capital project resolution. Capital project assessments shall be collected in the manner set forth in Section 4-5-205 herein. Subject to the provisions of subsection (j) and (k) of this section, if the bonds or notes are issued pursuant to this article or if existing obligations remain outstanding, the capital project assessments shall bear interest at a rate not to exceed one (1) percent above the true interest cost of such bonds, notes and existing obligations (providing the true interest cost on the bonds, notes and existing obligations may include any ongoing expenses related to the bonds, notes and existing obligations or collection of the capital project assessments), from the date the final capital project resolution is adopted or such other date as the

board may provide by resolution, payable in each of the succeeding number of years, which the board shall determine by resolution, not exceeding twenty (20).

(j) *Lien of capital project assessments.* All capital project assessments shall constitute a lien against such property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles and claims, until paid.

(k) *Additional payments.* If capital project assessments made under the provisions of this article to defray the capital costs of the capital project shall be deemed by the board to be inadequate to meet the obligation owed to bondholders and to pay fees required for credit enhancement on the bonds, if any, the board may adjust the payment period of and the rate of interest on installment payments of the capital project assessment so that payments of capital project assessments shall be sufficient to satisfy the contractual obligation owed to bondholders and the credit enhancement provider. However, such adjustment shall not have the effect of increasing the capital project assessment of any property, including the effect of increasing the amount of capital project assessment of any property in proportion to the amount of benefits conferred on that property. Further, the board, in adjusting the interest rates and the period of payment of capital project assessments, shall follow the provisions of this section providing for notice and hearing to interested persons and providing for passage of resolutions establishing capital project assessments.

(l) *Revisions to capital project assessments.* If any capital project assessment made under the provisions of this article to defray the capital costs of any capital project shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the board shall be satisfied that any such capital project assessment is so irregular or defective that the same cannot be enforced

or collected, or if the board shall have omitted to include any property on the capital project assessment roll, which property should have been so included, the board shall take all necessary steps to cause a new capital project assessment to be made against any property benefited by any capital project, following as nearly as may be practicable the provisions of this article, and in case such second capital project assessment shall be annulled, the Board may obtain and make other capital project assessments until a valid capital project assessment shall be made.

(m) *Procedural irregularities.* Any informality or irregularity in the proceedings in connection with the levy of any capital project assessment under the provisions of this article shall not affect the validity of the same after the approval thereof, and any capital project assessment as finally approved shall be competent and sufficient evidence that such capital project assessment was duly made and adopted, and that all other proceedings adequate to such capital project assessment were duly had, taken and performed as required by this article; and no variance from the directions hereunder shall be held material unless it be clearly shown that the party objecting was materially injured thereby. Notwithstanding the provisions of this section, any party objecting to a capital project assessment imposed pursuant to this article must file an objection with a court of competent jurisdiction within the time periods prescribed herein.

(n) *Apportionment of assessments.* The county may, by resolution, provide a procedure by which the lien of a capital project assessment on property may be apportioned between subdivided parcels of such property. Such apportionment shall be reflected on the capital project assessment roll. The county may establish a different procedure of apportioning a capital project assessment lien for each benefit unit or benefit area. The county shall not establish a procedure which has a material adverse effect on the security for bonds issued to finance the capital project related to such capital

project assessments.

(o) *Correction of errors and omissions.*

- (1) No act of error or omission on the part of the property appraiser, tax collector, county administrator, clerk, public works director, board or their deputies or employees shall operate to release or discharge any obligation for payment of a capital project assessment imposed by the board under the provisions of this article. Any errors or omissions may be corrected at any time by the board, or its designee, and when so corrected shall be considered valid ab initio and shall in no way affect the enforcement of the capital project assessment imposed under the provisions of this article.
- (2) When it shall appear that any capital project assessment should have been imposed under this article against a lot or parcel of property specially benefited by the capital project, but that such property was omitted from the capital project assessment roll, the board may, upon provision of appropriate notice as set forth in this section, impose the applicable capital project assessment against such benefited property. The capital project assessment so imposed shall constitute a lien against such property equal in rank and dignity with the liens of all state, county, district or municipal taxes and non-ad valorem assessments, and superior in rank and dignity to all other liens, encumbrances, titles and claims in and to or against the real property involved and may be recorded as provided in this section and collected as provided in Section 15 hereof herein.
- (3) The Board shall have the authority at any time, upon its own initiative or in response to a timely filed petition from the owner of any property subject to a capital project

assessment, to correct any error or omission in the adoption of any capital project assessment roll, or in the implementation of this article, including, but not limited to, an error in inclusion or exclusion of any property.

Section 14. Charlotte County Code, Section 4-5-294 is renumbered and amended to read as

follows:

Sec. 4-5-294 4-5-289. Maintenance assessments.

(a) *General authority.* The board may provide for the maintenance and repair of the stormwater management system facilities within the unit through the imposition of maintenance assessments upon property within the benefit unit at a rate of assessment based on the special benefit accruing to such property from the maintenance or repair of such facilities within the benefit unit. Maintenance assessments shall be assessed in conformity with the procedures set forth in this section.

(b) *Initial proceedings.* The initial proceeding for imposition of a maintenance assessment shall be the passage by the board of an initial maintenance assessment resolution (i) identifying the area to be subject to the maintenance assessment; (ii) generally describing the maintenance services to be provided; (iii) designating a maximum maintenance assessment rate, and (iv) describing the method of assessment, which may be by frontage, acreage, square footage, parcel or any other combination thereof or any other method deemed equitable by the board. An initial maintenance assessment resolution may be combined with an initial capital assessment resolution. If the board has elected to include as an additional element of maintenance cost a contingency amount to offset any errors in the maintenance assessment roll, the initial maintenance assessment resolution may provide (1) a brief description of the characteristics of specific parcels of property which may be entitled to relief (ii) the period in which the owners of such property may petition for relief, and (iii) any other provisions

reasonably related to such contingency amount.

(c) *Maintenance assessment roll.* The public works director shall also prepare, or cause to be prepared, the initial maintenance assessment roll, which roll shall contain the following:

- (1) A summary description of all lots and parcels of land or land within the benefit unit conforming to the description contained on the tax rolls.
- (2) The name of the owner of record of each lot or parcel as shown on the tax rolls.
- (3) The amount of the initial maintenance assessment to be imposed against each such lot or parcel.

The initial maintenance assessment roll shall be provided to the clerk and retained by the public works department retained by the municipal service benefit unit section in the county administration building, and shall be open to public inspection. The foregoing shall not be construed to require that the maintenance assessment roll be in printed form if the amount of the maintenance assessment for each parcel of property can be determined by use of a computer terminal available at each said location.

(d) *Notice by publication.* The county administrator, upon the filing of the initial maintenance assessment roll, shall publish once in a newspaper of general circulation, published and circulated in the county, a notice stating that at a meeting of the board on a certain day and hour, not earlier than twenty (20) calendar days from such publication, which meeting shall be a regular, adjourned or special meeting, the board will hear objections of all interested persons to the final maintenance assessment resolution, which shall establish the maximum maintenance assessment rate and approve the aforementioned initial maintenance assessment roll. The published notice shall conform to the requirements set forth in F.S. Sections 197.3632 and 197.3635, or any successor statutes authorizing the collection of non-ad valorem assessments on the same bill as ad valorem taxes. Such notice shall

include (A) (1) a geographic depiction of the property subject to the maintenance assessment; (B) (2) a brief and general description of the maintenance to be provided, (C) (3) the maximum maintenance assessment rate, (D) (4) the procedure for objecting provided in subparagraph (f) of this section; and (E) (5) a statement that the initial maintenance assessment roll is available for inspection at the offices of the clerk and the public works department; and all interested persons may ascertain the amount to be assessed against a lot or parcel of property at the offices of the clerk and the public works director municipal service benefit unit section in the county administration building. The notice required by this subsection may be combined with the capital assessment notice required by Section 4-5-293.

(e) *Notice by mail.* In addition to the published notice required by subsection paragraph (d) (1), but only for the first fiscal year in which a maintenance assessment is imposed against property within a benefit unit or any specific portion thereof, the county administrator shall provide notice by first class mail to each property owner proposed to be assessed. The mailed notice shall conform to the requirements set forth in F.S. Sections 197.3632 and 197.3635, or any successor statutes authorizing the collection of non-ad valorem assessments on the same bill as ad valorem taxes. Notice shall be mailed at least twenty (20) calendar days prior to the hearing to each property owner at such address as is shown on the tax rolls. Notice shall be deemed mailed upon delivery thereof to the possession of the U.S. Postal Service. The county administrator may provide proof of such notice by affidavit. The notice required by this subsection may be combined with the capital assessment notice required by Section 4-5-293.

(f) *Adoption of final maintenance assessment resolution.* At the time named in such notice, or to which an adjournment or continuance may be taken by the board, the board shall receive any written objection of interested persons and may then or at any subsequent meeting of the board adopt

the final maintenance resolution which shall (A) repeal or confirm the initial maintenance assessment resolution with such amendments, if any, as may be deemed appropriate by the board; (B) (2) establish the maximum maintenance assessment rate; and (C) (3) approve the initial maintenance assessment roll, with such amendment as it deems just and right. A final maintenance assessment resolution may be combined with a final capital assessment resolution. The maintenance assessments so approved shall be in proportion to the special benefits. All objections to the final maintenance assessment resolution shall be made in writing, and filed with the clerk at or before the time or adjourned time of such hearing. The final maintenance assessment resolution shall constitute the annual maintenance rate resolution for the initial fiscal year maintenance assessments are imposed hereunder. If the board has elected to include as an additional element of maintenance cost a contingency amount to offset any errors in the maintenance assessment roll, the final maintenance assessment resolution may provide (i) a brief description of the characteristics of specific parcels of property which may be entitled to relief, (ii) the period in which the owners of such property may petition for relief, and (iii) any other provisions reasonably related to such contingency amount.

(g) *Effect of final maintenance resolution.* The maximum maintenance assessment rate and the maintenance assessments for the initial fiscal year shall be established upon adoption of the final maintenance assessment resolution. The adoption of the final maintenance assessment resolution shall be the final adjudication of the issues presented (including, but not limited to, the method of assessment, the maximum maintenance assessment rate, the initial maintenance assessment roll, and the levy and lien of the maintenance assessments), unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within twenty (20) days from the date of board action on the final maintenance assessment resolution. The initial maintenance assessment roll, as approved by the

final maintenance assessment resolution, shall be delivered to the tax collector, or such other officials as the board, by resolution, deems appropriate. Notwithstanding the foregoing, if the board has elected to include as an additional element of maintenance cost a contingency amount to offset any errors in the maintenance assessment roll, the owners of property having the characteristics described in the final maintenance assessment resolution may petition for relief within one (1) year of the date such final maintenance assessment resolution is adopted.

(h) *Adoption of annual maintenance rate resolution.* The board shall adopt an annual maintenance rate resolution during its budget adoption process for each fiscal year following the initial fiscal year for which maintenance assessments are imposed hereunder. The annual maintenance rate resolution shall approve the maintenance assessment roll for such fiscal year. The maintenance assessment roll shall be prepared in accordance with the method of assessment set forth in the final maintenance assessment resolution and shall be based upon a rate not in excess of the maximum maintenance assessment rate. The maintenance assessment roll, as approved by the annual maintenance rate resolution, shall be delivered to the tax collector, or such other official as the board, by resolution, deems appropriate. If the maintenance assessment against any property shall be sustained or reduced or abated by the court, that fact shall be noted on the maintenance assessment roll opposite the description of the property affected thereby.

(i) *Payment of maintenance assessments.* Unless specifically authorized and approved by the tax collector county, no prepayments of maintenance assessments shall be accepted. Maintenance assessments shall be collected in the manner set forth in Section 4-5-285 herein.

(j) *Lien of maintenance assessments.* All maintenance assessments shall constitute a lien against sun property equal in rank and dignity with the liens of all state, county, district, or municipal taxes.

and special assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles, and claims, until paid.

(k) *Procedural irregularities.* Any informality or irregularity in the proceedings in connection with the levy of any maintenance assessment under the provisions of this article shall not affect the validity of the same after the approval thereof; and any maintenance assessment as finally approved shall be competent and sufficient evidence that such maintenance assessment was duly levied, that the maintenance assessment was duly made and adopted, and that all other proceedings adequate to such maintenance assessment were fully had, taken and performed as required by this article; and no variance from the directions hereunder shall be held unless it be clearly shown that the party objecting was materially injured thereby. Notwithstanding the provisions of this subsection, any party objecting to a maintenance assessment imposed pursuant to this article must file an objection with a court of competent jurisdiction with the time periods prescribed herein.

(l) *Correction of errors and omissions.*

- (1) No act of error or omission on the part of the property appraiser, tax collector, county administrator, clerk, public works director, board or their deputies or employees shall operate to release or discharge any obligation for payment of a maintenance assessment imposed by the board under the provision of this article. Any errors or omissions may be corrected at any time by the board, or its designee, and when so corrected shall be considered valid ab initio and shall in no way affect the enforcement of the maintenance assessment imposed under the provisions of this article.
- (2) When it shall appear than any maintenance assessment should have been imposed under this article against a lot or parcel of property specially benefited by the

maintenance of roads or drainage facilities within the benefit unit, but that such property was omitted from the maintenance assessment roll, the Board may, upon provision of appropriate notice as set forth in this section, impose the applicable maintenance assessment for the fiscal year in which such error is discovered, in addition to the applicable maintenance assessments due for the prior two (2) fiscal years. Such total maintenance assessments shall become delinquent if not fully paid upon the expiration of ninety (90) days from the date of the adoption of said resolution. The maintenance assessment so imposed shall constitute a lien against such property equal in rank and dignity with the liens of all state, county, district or municipal taxes and special assessments, and superior in rank and dignity to all other liens, encumbrances, titles and claims in and to or against the real property involved and may be recorded as provided in Section 4-5-293 and collected as provided in Section 4-5-295 herein.

- (3) The board shall have the authority at any time, upon its own initiative or in response to a timely filed petition from the owner of any property subject to a maintenance assessment, to correct any error or omission in the adoption of any maintenance assessment roll, or in the implementation of this article, including, but not limited to, an error in inclusion or exclusion of any property.

Section 15. Charlotte County Code, Section 4-5-295 is renumbered and amended to read as follows:

Sec. 4-5-295 4-5-290. Collection of non-ad valorem assessments.

- (a) *Method of collection.* The capital project assessment and the maintenance assessments shall

be collected pursuant to the uniform method provided in F.S. Sections 197.3632 and 197.3635, or any successor statutes authorizing the collection of non-ad valorem assessments on the same bill as ad valorem taxes.

(b) *Compliance with applicable law.* The Board shall comply with all applicable provisions of law relating to such uniform method, including F.S. Sections 197.363, 197.3631 and 197.3632, and any successor provisions thereto. Any hearing or notice required by this article may be combined with any other hearing or notice required to collect the capital project assessments or the maintenance assessments on the same bill as ad valorem taxes.

Section 16. Charlotte County Code, Section 4-5-296 is renumbered and amended to read as follows:

Sec. 4-5-296 4-5-291. Issuance of debt obligations.

(a) *General authority.* Upon adoption of the final maintenance or capital project resolution or at any time thereafter, the board shall have the power and it is hereby authorized to provide by resolution, at one time or from time to time in series, for the issuance of bonds of the county for the purpose of paying all or part of the capital cost of the capital projects. The principal of and interest on each series of bonds shall be payable from pledged revenues. At the option of the board, the county may covenant to budget and appropriate from non-ad valorem revenues of the county an amount necessary to make up any deficiency in the payment of the bonds. The county may issue a single series of bonds to finance capital projects in different benefit units, provided such resolution identifies each capital project to be financed and the benefit unit in which it is located.

(b) *Terms of the bonds.* The bond shall be dated, shall bear interest at such rate or rates, shall mature at such time, as may be determined by resolution of the board, and may be made redeemable

before maturity, at the option of the county, at such price or prices and under such terms and conditions as may be fixed by the board. Said bonds shall mature not later than two (2) years after the last installment in which said capital project assessments may be paid, as provided in Section 4-5-293 herein, and shall bear interest at a rate not exceeding the maximum rate provided by law. The bonds may at the option of the board, bear interest at a variable rate. The board shall determine by resolution the form of the bonds and the manner of executing such bonds, and shall fix the denomination or denominations of such bonds, the place or places of payment of the principal and interest, which may be at any bank or trust company within or without the State of Florida, and such other terms and provisions of the bonds as it deems appropriate. The bonds may be sold at public or private sale for such price or prices as the board shall determine by resolution. The bonds may be delivered to any contractor for payment for his work in constructing a capital project or may be sold in such manner and for such price as the board may determine by resolution to be for the best interests of the county.

(c) *Variable rate bonds.* The county may, at its option, issue bonds bearing a variable rate of interest, whereupon the interest rate and installment payments applicable to capital project the assessments shall be subject to adjustment as provided by resolution of the board. In such event, the county may impose on such annual installment payments such rate of interest as shall not exceed the maximum amount permitted by Section 4-5-293 as shall be determined on the fifteenth day prior to the date the capital project assessment roll is certified to the tax collector. If amounts of interest collected by the county exceed, in the aggregate, the amount of interest that would have been collected if interest was imposed at the maximum rate permitted to be charged on capital project the assessments as provided in Section 4-5-293 herein, the excess amounts shall be credited to the next

Installment of the capital project assessment or a maintenance assessment, or be returned to the property owners who paid such amounts, as provided by resolution of the board. If the amounts of interest collected by the county are less, in the aggregate, than the amount of interest that would have been collected if interest was imposed at the maximum rate permitted to be charged on capital project assessments as provided in Section 4-5-293 herein, such deficiency may be imposed as a surcharge on the next installment.

(d) *Temporary bonds.* Prior to the preparation of definition bonds of any series, the board may, under like restrictions, issue interim receipts, interim certificates, or temporary bonds, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The board may also provide for the replacement of any bonds which shall become mutilated, or be destroyed or lost. Bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this article.

(e) *Bond anticipation notes.* In anticipation of the sale of bonds, the county may, by resolution, issue notes and may renew the same from time to time. Such notes may be paid from the proceeds of the bonds, the proceeds of the capital project assessments, the proceeds of the notes and such other legally available monies as the board deems appropriate. Said notes shall mature within five (5) years of their issuance and shall bear interest at a rate not exceeding the maximum rate provided by law. The board may issue bonds or renewal notes to repay the notes. The proceeds of the bonds and notes, unless otherwise used to refund bonds or notes, shall be used to pay the capital costs of the capital projects. The notes shall be issued in the same manner as the bonds.

(f) *Negotiable instruments.* Bonds and notes shall be, and shall be deemed to be, for all purposes, negotiable instruments, subject only to the provisions of the bonds and notes for registration.

(g) *Taxing power not pledged.* Bonds issued under the provisions of this article shall not be deemed to constitute a pledge of the faith and credit of the county or any benefit unit, but such bonds shall be payable only from pledged revenues in the manner provided herein and by the resolution authorizing the bonds. The issuance of bonds under the provisions of this article shall not directly or indirectly obligate the county or any benefit unit to levy or to pledge any form of ad valorem taxation whatever therefor. No holder of any such bonds shall ever have the right to compel any exercise of the ad valorem taxing power on the part of the county or any benefit unit to pay any such bonds or the interest thereon or to enforce payment of such bonds or the interest thereon against any property of the county or any benefit unit, nor shall such bonds constitute a charge, lien or encumbrance, legal or equitable, upon any property of the county or any benefit unit, except the pledged revenues.

(h) *Security for bonds.* During any period in which bonds are outstanding, the pledged revenues shall be deemed to be funds held for the benefit of bondholders, to be held and applied solely as provided in this article and in the resolution authorizing the bonds.

(i) *Remedies of bondholders.* Any holder of bonds, except to the extent the rights herein given may be restricted by the resolution authorizing issuance of bonds, may, whether at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the state or granted hereunder or under such resolution, and may enforce and compel the performance of all duties required by this part, or by such resolution, to be performed by the county.

(j) *No referendum required.* No referendum or election in the county or any benefit unit shall be required for the exercise of any of the provisions of this article unless such referendum or election is required by the Constitution of the State of Florida.

(k) *Refunding bonds.* The county may, by resolution of the Board, issue bonds to refund any bonds issued pursuant to this article and provide for the rights of the holders hereof. Such refunding bonds may be issued in an amount sufficient to provide for the payment of the principal of redemption premium, if any, and interest on the outstanding bonds to be refunded. In the event the principal amount of the refunding bonds shall be greater than the outstanding principal amount of the bonds to be refunded, the board may increase the non-ad valorem assessments which secure such refunding bonds up to an amount not to exceed the difference between the respective principal amounts of the refunding bonds and the outstanding refunded bonds, provided notice to the affected property owners is given in accordance with the notice provisions of Section 4-5-293 this article and a public hearing is held by the board.

Section 17. Severability. In the event any portion of the foregoing conflicts with any other Charlotte County Code or other applicable law, the more restrictive shall apply. If any subsection, sentence, clause, phrase, or portion of these sections is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remainder of the chapter.

Section 18. Effective Date. This ordinance shall take effect upon its filing in the office of the Secretary of State, State of Florida.

PASSED AND DULY ADOPTED this 8th day of December, 1998

NOTICE OF INTENTION TO CONSIDER ORDINANCE

The Board of County Commissioners of Charlotte County will, in regular session, in Room 113 of the Charlotte County Administration Center, 18000 Manatee Circle, Port Charlotte, Florida, at 9:45 A.M. on the 20th day of December, 1998, consider the ordinance of an ordinance bearing the following title:

AN ORDINANCE AUTHORIZING THE BOARD OF COUNTY COMMISSIONERS OF CHARLOTTE COUNTY, FLORIDA, TO APPROVE THE PROPOSED EXPANSION OF THE EXISTING PORT CHARLOTTE, FLORIDA, PORT FACILITY AND THE CONSTRUCTION OF A NEW PORT FACILITY IN THE PORT CHARLOTTE, FLORIDA, PORT AREA, AND APPROVING THE PROPOSED SEVERABILITY AND PROVISIONS OF THE EXISTING PORT FACILITY AND THE NEW PORT FACILITY.

The proposed ordinance and its Economic Impact Statement are available Charlotte County Attorney's Office, 18000 Manatee Circle, Port Charlotte, Florida.

Interested parties may appear at the meeting and be heard with respect to the proposed ordinance.

Should any person or person decide to appeal any decision made by the Board with respect to any matter considered at such meeting, he will need a record of the proceedings, and for such purpose, he may request to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.
