

Charlotte County Government

"To exceed expectations in the delivery of public services."

www.CharlotteCountyFL.gov

September 1, 2015

Dear Property Owner

As you may be aware, portions of the East and West Spring Lake Wastewater Expansion Project have begun to bring centralized wastewater service to your neighborhood. We are sending you this letter to update you on the project, and to invite you to view a presentation. You will have an opportunity to speak with Charlotte County Utilities (CCU) and the contractors who will be hard at work completing this project. CCU will host two identical public information sessions on Wednesday, September 23 for residents who live in or own property in the area known as "Contract B" for the Charlotte Harbor Water Quality Improvement Initiative Phase 1.

Topics of interest include: what to expect during construction, a tentative timeline, access considerations, restoration and a presentation by the University of Florida Extension Service on Florida Friendly Landscaping. Additional sessions for residents living in other areas of this project will be held at future dates.

We invite you to attend the meeting time that is the most convenient for you and your family. At the start of the event, for approximately 20 minutes, CCU will present along with the University of Florida Extension Services. Afterwards, you will have the opportunity to visit the tables and booths that most interest you and ask specific questions or make comments. We hope you will come and learn more. Location and times are as follows:

Port Charlotte Beach Complex
4500 Harbor Blvd, Port Charlotte, FL 33952

Wednesday, Sept. 23, 4:00-5:30 p.m.

Wednesday, Sept. 23, 6:00-7:30 p.m.

Parking is complimentary

Project Status: Guymann Construction has been awarded the construction contract for the centralized wastewater collection system in your area. They are scheduled to begin construction in late September or early October 2015.

As construction progresses, residents will be notified of work in their immediate area, via door hangers, delivered by the contractor. Residents may also find progress updates on our website www.CharlotteCountyFL.gov, a special projects page, www.SpringLakesProject.com, and on our Facebook Page-Charlotte County Utilities.

Engineering Services | Operations

25550 Harbor View Road, Suite 1 | Port Charlotte, FL 33980-2503

Phone: 941.764.4300 | Fax: 941.764.4319

Survey: CCU will be conducting on-site meetings with residents prior to making the connection to the central sewer system. To help facilitate this process, CCU is requesting that property owners complete the enclosed customer survey and return it to CCU as indicated at the top of the survey form. Surveys will also be provided at the information sessions and assistance in completing the forms will be available.

Should you have any questions, please feel free to contact our office at 941.764.4300, option 3. We hope to see you on September 23.

Sincerely,

Bruce R. Bullert, P.E.
Engineering Services Manager
