Proposed Area Map

If you have developed property:

Giffels-Webster Engineers, Inc. provided us with a form they would like you to fill out and return to them. They will use this information to design the system and input from property owners is very helpful to them. The form is enclosed for your convenience. To help expedite the design process we ask you either bring the form and complete it during one of the meetings, or mail it back to them before June 1, 2016.

Do you have more questions?

These utility expansion improvements will provide potable water service to 585 properties and sewer service to 3,343 properties. The purpose of the meeting will be to present information regarding the improvements, answer questions and obtain information from you.

We look forward to meeting and sharing with everyone. If you have any additional questions, please feel free to call 941.764.4300 extension 3 for the engineering division or you may email engineering.coordinator@charlottecountyfl.gov.
