Mr. Keith Keene, Environmental Administrator, Charlotte County Health Department
Mr. John Brandenberger, Property Manager

Re: Official Notice for
Rotonda Villas & Springs Water & Wastewater System Improvements

Dear Honorable Commissioners, Elected Officials, County Staff and HOA:

Charlotte County Utilities is pleased to inform you that the Rotonda Villas & Springs Water & Wastewater System Improvements are now complete. On March 30, 2011, the Florida Department of Environmental Protection cleared the Wastewater System for use, and on March 30, 2011, the Water System was cleared for use.

If there were any new construction building permits that were not being issued while waiting for the utility improvements to be completed, those permits can now be issued and construction may begin. There are to be no on-site septic permits issued for this area, as utilities are now available to the lots within these subdivisions.

If you have any question, please contact CCU staff at 941.764.4539.

Sincerely,

Terri Kesner, Director
Charlotte County Utilities
