- Gather input from a wide variety of stakeholders on the benefits and concerns of the East-West Spring Lake Wastewater Pilot Program
- Prioritize benefits and concerns
- Brainstorm possible solutions to the concerns
- Provide a report to the Board of County Commissioners outlining benefits and concerns, solutions to concerns and an overall consensus recommendation

**Facilitator:** Joy Hazell, Florida Sea Grant Agent, UF/IFAS Lee County Extension  
239-533-7518, [jhazell@ufl.edu](mailto:jhazell@ufl.edu)

**Joy Hazell** is a UF/IFAS Extension faculty member and is currently the Sea Grant Extension Agent in Lee County. Joy plans, develops, implements and evaluates comprehensive needs based marine and natural resource educational programs that focus on marine fisheries and habitat issues. She facilitates issue based programs through workshops, conferences, and electronic media for various audiences. She holds an undergraduate degree in Marine and Freshwater Biology from the University of New Hampshire and a graduate degree in Marine Affairs and Policy from the University of Miami. Joy started her career as a Peace Corps Volunteer in the Central African Republic teaching high school biology. Most recently she was the Coastal Training Specialist at Rookery Bay National Estuarine Research Reserve with a focus on providing professional decision makers the knowledge and tools to address coastal resource issues.
