CHARLOTTE COUNTY
FLORIDA

Administration

Sales tax is an investment in county's future

The Charlotte County Commission approved a referendum to be placed on the Nov. 3 general election ballot. Voters will be asked to approve a 20-year extension of the existing 1% local option sales tax, which has been in place for 30 years. This is not a new tax. Voters have approved six terms that have funded more than 150 school, public safety, infrastructure and quality of life projects.

Past sales tax terms have been for two, four and six years. Some have asked, why ask for

a 20-year term this time? A 20-year term for the 1% local option sales tax extension would enable the county to use bond financing to pay for projects rather than using the current "pay as we go" policy.

Bond financing would enable the county to deliver more projects faster, lower construction cost inflation exposure, enable the county to seek matching grant funds and improve its long-term planning.

One of the benefits of funding projects with the 1% local option sales tax is it is a fair funding source paid by everyone, not just county residents. Tourists and seasonal visitors contribute their fair share toward roads and sidewalks that improve the quality of life for everyone. It is estimated visitors pay about 20% of the total money generated. Construction companies also pay a significant percentage.

For information, including the complete project list, visit www.CharlotteCountyFL.gov/salestax.

Building lights celebrate nation's 250th birthday

To celebrate the 250th anniversary of the adoption of the Declaration of Independence and the birth of our nation, Charlotte County will light four county facilities with red, white and blue lights for the month of July.

The four locations are:
Historical Courthouse, 226 Taylor St., Punta Gorda
Family Services Center, 21500 Gibraltar Ave., Port Charlotte
Charlotte County Administration Center, 18500 Murdock Circle, Port Charlotte
Mac V. Horton West County Annex, 6868 San Casa Drive, Englewood

County Earns 33 National Association of Counties Achievement Awards

Charlotte County has been recognized with 33 2026 Achievement Awards from the National Association of Counties. The awards honor innovative, effective county government programs that strengthen services for residents.

Each year, NACo's Achievement Awards recognize outstanding programming in 18 categories aligned with the vast services counties provide. The categories include children and youth, criminal justice and public safety, libraries, management, infor-

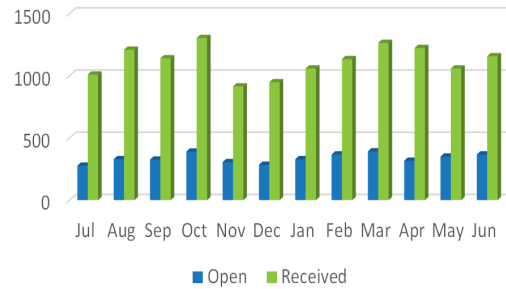

mation technology, health, civic engagement and more.

"I want to congratulate everyone involved in the programs and services that earned this distinction," said Charlotte County Administrator Hector Flores. "Recognition like this not only reflects well on the people doing the work, it underscores to members of our community that my colleagues are working for them with distinction, employing creativity, initiative and best practices in the delivery of public services."

Property Tax Amendment

In June, we learned what property tax reform proposal will appear on the November ballot. Our fiscal team completed a comprehensive analysis of the potential financial impacts and presented the findings to the Board. Throughout this period of uncertainty, we have remained focused on providing clear, data-driven information while helping maintain staff morale by reinforcing that the organization will take a measured and thoughtful approach rather than reacting prematurely. If the amendment is approved by voters, we will continue to evaluate the data and develop options for the Board, with recommendations focused on levels of service as part of the FY28 and FY29 budget process.

Emergency Management

This month focused on expanding community outreach, advancing preparedness initiatives, and strengthening operational support. Staff continued planning and recovery efforts while supporting training, regional coordination, and community events that enhance the county's overall preparedness and resilience.

Training & Exercise Activities

Five staff members attended the Florida Training for Emergency Management Symposium. Staff conducted Advanced CERT hurricane preparedness training for 35 participants, supported planning for the Punta Gorda Airport Triennial Exercise, hosted and instructed the G-141 course, and facilitated annual damage assessment training.

Community Outreach & Preparedness

Emergency Management coordinated the Neighbors Helping Neighbors food drive, collecting more than 3,200 pounds of food to support disaster preparedness among vulnerable residents. Staff conducted eight outreach events reaching approximately 2,000 people, delivered preparedness presentations throughout the community, recorded an employee disaster roles video, and continued Safety Networks planning with community partners.

Operations & Coordination

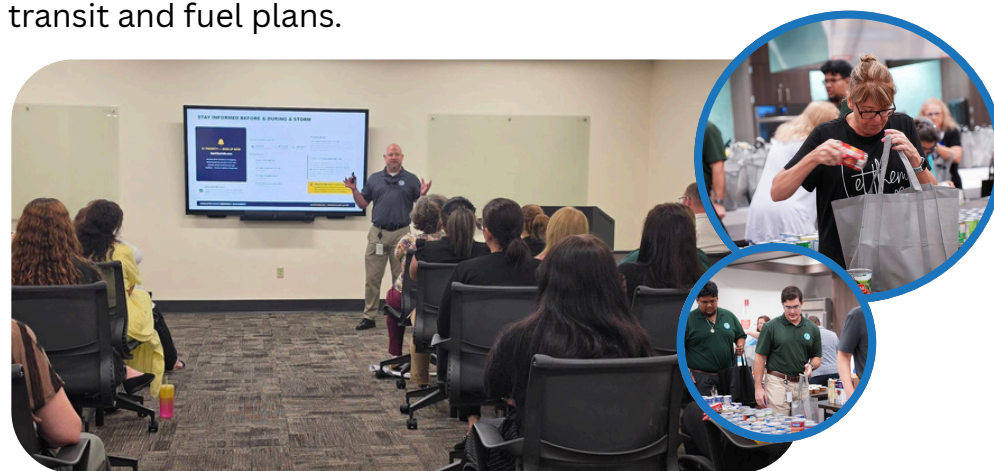

Staff supported warehouse transition operations, shelter preparedness, and a shelter site walkthrough. The team also supported operations for the funeral and procession honoring fallen Firemedic Jay Sanders and assisted with Punta Gorda's Red, White & Blue Celebration. Staff participated in regional flood warning, evacuation, and recovery coordination meetings and hosted the annual health care facility hurricane season coordination call.

Planning, Recovery & Readiness

Recovery staff continued developing a formalized recovery process, while revisions to the Debris Management Plan neared completion. Work continued on the Storm Surge Visualization Project, mass casualty and reunification planning, and the Threat and Hazard Identification and Risk Assessment and Stakeholder Preparedness Review.

Program Updates & Recognition

Emergency Management continued updating the County's transit and fuel plans.

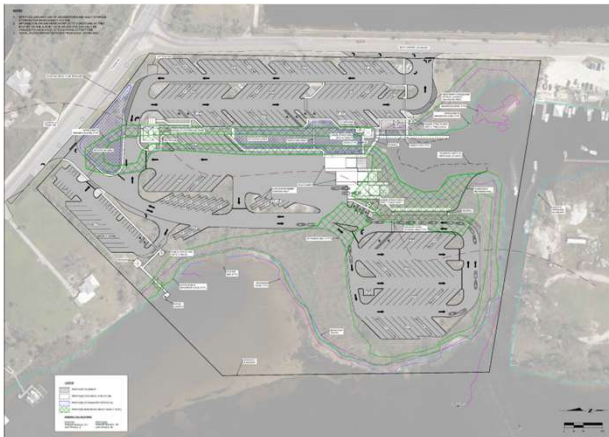

Facilities Management

June 2026

Placida Boat Ramp Expansion

The Placida Boat Ramp expansion is a 2014 sales tax project. Permitting began in summer 2021 with a pre-application meeting involving the Florida Department of Environmental Protection (FDEP) and the U.S. Army Corps of Engineers (USACE). Multiple design revisions minimized impacts to seagrass and mangroves, resulting in reduced environmental impacts. FDEP issued the environmental permit on November 7, 2025, and USACE issued its permit on June 18, 2026. Design is progressing, with the 35% design submitted on May 7, 2026, and reviewed. The 65% design deliverable is currently underway as the project advances toward final design.

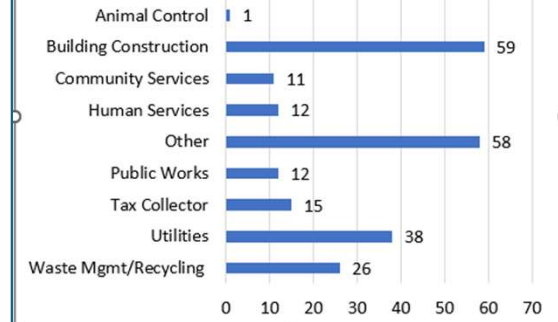

Bayshore Hardening continues ahead of schedule, with one parking area completed, drainage improvements progressing, ribbon curbs nearing completion, and final grading underway prior to remaining paver installation.

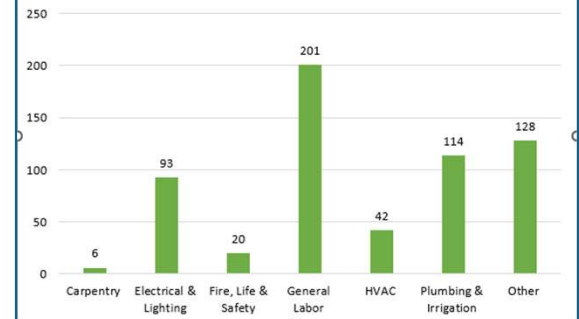

The South County Annex replacement project is a 2020 Sales Tax tier two project. It has reached the end of the initial design phase with the recent completion of programming space defined for use by the Tax Collector to serve the South County regional community. Site evaluations continue to determine the best location that provides opportunity for growth and resiliency.

The project team has completed the construction documents for the Emergency Operations Center Expansion project and is currently engaged in Guaranteed Maximum Price (GMP) negotiations with the contractor.

Charlotte County Fire & EMS

June was a month of remembrance, recognition, and continued investment in public safety. Charlotte County Fire & EMS mourned the line-of-duty death of Firefighter/Paramedic Jan A. "Jay" Sanders Jr., who passed away June 18 following a courageous battle with occupational cancer. Jay dedicated more than 35 years to serving Charlotte County as a firefighter, paramedic, Honor Guard member, and friend. The department joined his family, colleagues, partner agencies, and the community to honor his life, service, and lasting legacy during his Last Alarm and funeral services. The department also recognized Charlotte County Sheriff's Office Dispatcher Emily Tems and Charlotte County Fire & EMS personnel FF/EMT Steven Dunn, Lt. Darren Lamb, Lt. James Wilcox, FF/EMT Jacob Holland, FF/EMT Brett Johnson, and Firemedic Caleb VanHelden with Phoenix Awards for their roles in the successful resuscitation of a patient experiencing sudden cardiac arrest.

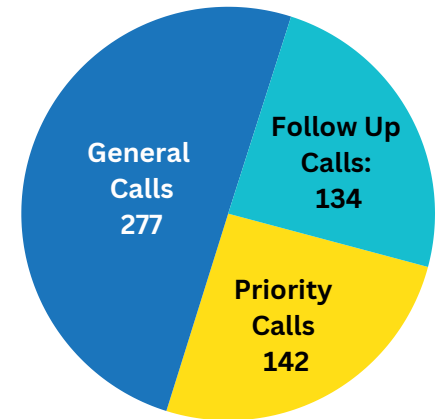

Charlotte County Fire & EMS also welcomed two new emergency response apparatus into service through traditional push-in ceremonies. Engine 10 was officially placed into service at Station 10, joined by Commissioner Truex, members of the Barrier Islands Fire Service Unit, department personnel, and community members. At Station 7, the department joined Commissioner Constance, Punta Gorda Airport and the Charlotte County Airport Authority to welcome A71, a new Aircraft Rescue and Fire Fighting apparatus that replaces a vehicle in service since 2008. Purchased by the Airport Authority with 90% funding from the Federal Aviation Administration, A71 will enhance aircraft emergency response capabilities and support aviation safety at Punta Gorda Airport.

Animal Control

Charlotte County Animal Control Officer Breanna Beattie received an Employee Service Award after a resident recognized her professionalism and compassion during a call involving a Red-shouldered Hawk trapped inside a screened lanai. Officer Beattie safely removed and released the hawk, allowing it to reunite with its nearby mate. The recognition highlighted Animal Control's continued commitment to serving residents while protecting and caring for local wildlife.

Charlotte County Animal Control also supported public awareness following a Rabies Advisory issued by the Florida Department of Health in Charlotte County. The advisory followed a confirmed case involving a raccoon captured near Jarvis Street. Residents were reminded to avoid contact with wild animals, keep pets' rabies vaccinations current, and immediately contact a veterinarian and Animal Control if a pet is bitten or exposed to a potentially rabid animal.

Visit Punta Gorda/Englewood Beach Sports Division was recognized for a statewide tourism award. The Florida Sports Foundation's Larry Pendleton Award recognizes the Best Hosted Event of the Year in Florida across small, mid-size, and large market categories based on census population data. Visit Punta Gorda/Englewood Beach was honored with the 2026 Larry Pendleton Award for Best Hosted Event of the Year (Small Market Division) for the successful hosting of the 2025 Englewood Beach Waterfest. This statewide recognition highlights the destination's excellence in event execution, county and community partnership, and economic impact through sports tourism.

LEISURE - June 2026:

German outreach through the Visit USA Experts event connected our destination with nearly 200 travel professionals and consumers, reinforcing international interest. Domestic travel agent engagement, including immersive experiences at Sunseeker Resort, Fishermen's Village, and the King Fisher Fleet Sunset Cruise, helped drive future visitation supporting local businesses, restaurants, retail, and attractions.

MEETINGS - June 2026:

In May, Visit Punta Gorda/Englewood Beach welcomed multiple qualified meeting planners for destination site visits. These hosted experiences showcased our hotels, unique meeting venues, waterfront attractions, and local hospitality partners, allowing planners to experience firsthand what makes Visit Punta Gorda Englewood Beach an exceptional destination for meetings and events.

June News

High School Internship Program

This summer, student interns are getting a behind-the-scenes look at how the Utilities Department delivers important services to the community. They are hands-on and learning about water distribution, wastewater collection, treatment facilities, engineering and more.

We're proud to invest in the next generation of leaders.

To provide safe, reliable drinking water, reclaimed water and wastewater service for the enrichment of the community.

UNDER CONSTRUCTION

Burnt Store Water Reclamation Facility Expansion

A "packaged" wastewater plant is currently being installed at the Burnt Store Water Reclamation Facility to meet the immediate wastewater disposal needs of the community. The Cloacina packaged plant uses unique Membrane Bioreactor (MBR) technology to produce high-quality reclaimed water for Burnt Store. Engineering design and permitting for the permanent expansion are on schedule.

[Learn more.](#)

Ackerman Septic to Sewer Project:

Water and sewer connections continue in the Ackerman MSBU to deliver more reliable infrastructure to approximately 1,300 properties. On-lot connections in Zone 2 are 85% complete and installation of sewer infrastructure in Zones 3, 4 and low-pressure sewer is 45% complete. For more information about the project, visit [AckermanProject.com](#) For more information, visit [AckermanProject.com](#).

Hillsborough Boulevard Water Main Project:

This projects provides more reliable drinking water services for customer in north-mid-county and allows for future pipeline projects in the southern regional loop. Installation of Charlotte County's eight-inch main is complete. Construction of the Peace River's 42-inch main continues south toward the Myakka River. Underwater installation of that infrastructure is tentative for Sept. 2026. [Learn more.](#)

East Port Water Reclamation Facility Expansion

This project will expand treatment capacity from six million to nine million gallons of wastewater per day. As part of the upgrade, advanced wastewater treatment technologies are being incorporated to produce higher quality reclaimed water. Construction is 90% complete, and septage receiving and the new aeration basins are online.

School Speed Zone Magistrate Hearing

The School Zone Speed Detection Program has begun the hearing process for individuals contesting Notices of Violation through Special Magistrate proceedings.

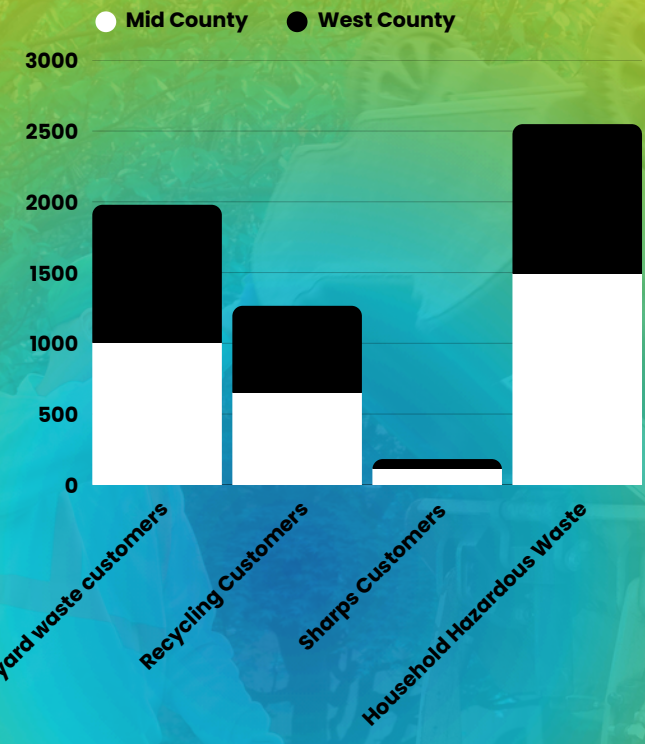

During the initial hearing session, cases were reviewed for individuals who challenged the validity of their notices. Following the hearings, the violations were upheld, and the applicable civil penalties and administrative hearing fees remain in effect.

Additional Special Magistrate hearings will continue to be scheduled as needed for individuals who choose to contest their Notices of Violation.
