

**MEETING MINUTES**  
**GULF COVE STREET & DRAINAGE ADVISORY COMMITTEE**  
**December 8, 2008**  
**9:00 a.m.**

**Attendees:** Les Weyant, Chuck Crafton, Larry Singleton  
County – Tara Musselman, Barry DeMello  
Absent - Richard Van Acker, Ron Wozniak

The meeting was called to order at 9:30 a.m.

**Minutes:** Ms. Musselman read the July minutes which were unanimously approved. (Ms. Musselman will e-mail the July minutes as some Committee members did not receive them)

**Business:**

- Committee discussed what they feel is a severe drainage problem in the North end of Gulf Cove. Area of Gillot/Dixon and Van Lenten. Mr. DeMello will investigate with Mr. DeGovine and Ms. Musselman will add cost estimate to the FY10 budget.
- Ms. Musselman went over the paving contract. The bid came in approximately \$300,000 lower than estimated, so the Committee would like to look at adding the repair of some cul-de-sacs if funds will allow. Mr. Krafton suggested that the Committee look at the cul-de-sacs to see what ones are in the worst shape. Ms. Musselman advised them not to go together unless they advertise the field trip as a meeting and allow any public to attend. She would rather they go individually and report back to her. She will compile all the suggestions and present at the next meeting. The Committee requested Ms. Musselman to e-mail the proposed paving schedule as soon as possible.

**Open floor:**

- Mr. Kubala requested the cost for drainage. He would like to see the cul-de-sacs repaired. He feels that Nevel/Conner/Forbes and Boyle are the worst.

The meeting was adjourned at 10:10 a.m.

Respectfully submitted,

Tara L. Musselman  
Municipal Services District Representative
