

Charlotte Harbor Community Sailing Center

We are a community sailing center, not a club. We are here to give the Public the chance to learn & enjoy sailing. We offer courses in basic sailing and racing techniques to the public and designated youth groups to promote safety and seamanship and to generate an interest in the sport of sailing.

We are here to assist local clubs & organizations in sailing programs.

Let us know of your special needs and we will try to meet them. We can assist you in your need for race committee and small regattas. We are here to assist High School Teams in local competitions.

A special thank you for the support from
