Chapter 2. ZONING

Article 2.2. Conventional Zoning Districts

Division 2.2.2. Residential

Section 2.2.2.5. 3-9-38. Recreational Vehicle Park (RVP).

- (a) *Intent.* ~~The purpose and intent of this district is to allow transient living in recreational vehicles and campgrounds. It is the further intent of this Code that the individual living sites may be subdivided for individual ownership and the park must be retained in a form of common or single ownership. This district is intended to provide for areas which have been developed for the parking of recreational vehicles, travel trailers, motor homes, camping tents and trailers occupied as temporary living quarters in an environment of outdoor recreation and limited residential character. It is intended to provide for an atmosphere which provides for recreational amenities, on-site conveniences, and limited residential occupation. It is the further intent of these regulations that the individual lots not be subdivided for individual ownership but be retained in a form of common ownership.~~
- (b) *Permitted Principal uses (P) and Structures.* ~~The following uses and structures are permitted in this district:~~
- (1) ~~Recreational vehicle park~~ Recreational vehicles, travel trailers, motor homes, camping tents and trailers occupied as temporary dwelling units.
 - (2) ~~Family day care home~~ Park recreational facilities, including but not limited to community room or center, courts for games, docks, piers, swimming pools, boat launching areas, etc.
 - (3) Management offices and maintenance facilities.
 - (4) Manager's residence (a mobile home may be allowed for manager's residence only).
- (c) *Permitted Accessory Uses and Structures.* Accessory uses and structures permitted if they:
- (1) Are customarily accessory to permitted uses and structures.
 - (2) Are located on the same parcel as the recreational vehicle park.
 - (3) Are not likely to attract visitors in large numbers.
 - (4) Involve operations of a recreational vehicle park, including the following:
 - a. Laundry facilities, sale of groceries and sundries, sale of LP (liquefied petroleum) gas, all of which are subject to the following:
 1. Such establishments and the associated parking areas related primarily to their operations shall not occupy more than two (2) percent of the area of the park.
 2. Such establishment shall be used primarily by occupants of the park.
 3. The commercial nature of such establishment shall not be visible from any street outside the park so as to attract customers other than the occupants of the park.
 4. Such establishment shall not be located closer than one hundred (100) feet to any public street and shall be accessible only from a street within the park.
 - b. Enclosed storage structures and garage facilities located on a designated common area with the use to be limited to the park management and the residents.
 - c. Detached and freestanding screen rooms, ~~and/or cabanas/casitas~~ provided that such structures are totally independent from the recreational vehicle and shall be constructed and located in such a manner as not to impede the immediate removal of any recreational vehicle from its designated site.

- (2) Site Access: Parks shall not have access through local, residential roadways unless a traffic study submitted to and approved by the County determines that the use of the roads by the proposed park does not create a traffic safety hazard. Any necessary developer-funded improvements to the existing rights-of-way will not receive any impact fee credits.
- (3) Street Improvements: All streets within the recreational vehicle park are to be private and ~~not public~~ maybe public if platted. All interior streets shall be designed and constructed using good engineering practices and principles. The streets will be designed to provide safe, efficient and convenient access to all uses within the development and to provide safe and adequate access to all emergency vehicles. All streets located within the boundaries of the recreational vehicle park providing two-way traffic shall have a pavement width of not less than twenty-four (24) feet. All streets located within the boundaries of the recreational vehicle park providing one-way traffic shall have a pavement width of not less than twelve (12) feet. All proposed street design and accompanying drainage design and facilities shall be approved subject to appropriate review by the county engineer. Any necessary developer-funded improvements to the existing rights-of-way will not receive any impact fee credits.
- (4) Street Lighting and Electrical Utilities: All streets within the park shall be lighted at night, and a lighting plan shall be included upon the development plans submitted for approval. All electrical service lines and facilities shall be placed underground.
- (5) Garbage Disposal: Recreational vehicle park owners shall allow franchised garbage collectors access throughout park streets for the purpose of collection of garbage and trash. Where residential waste is to be picked up at individual sites, containers shall not exceed twenty (20) gallons and waste shall be tied in bundles not to exceed fifty (50) pounds each. If the location of central garbage collection areas are used, the location of the collection areas may not be more than three hundred (300) feet from any site to be served. The central garbage collection areas shall be shown on the development plan with approved access for the collection. In addition, at the time of development approval, the developer shall submit evidence of approval from the appropriate franchised garbage collector for the collection areas.
- (6) Recreational areas and Open Space Areas: A minimum of 15 percent of the land area within park boundaries shall be developed as recreation and open space areas, which may include but not be limited to passive recreational trails, central community clubhouse facilities, pools, and tennis courts. ~~A minimum of seven hundred fifty (750) square feet per site shall be provided for recreational areas within the boundaries of the recreational vehicle park.~~ If any portion of a lake or waterway contained within the boundaries of a recreational vehicle park is proposed to be used for a portion of the recreational area, only that portion which supports active recreation shall be counted. In no case may any portion of a ~~stormwater lake or waterway~~ be used for more than ten (10) percent of the required recreation area. In addition, no area less than five thousand (5,000) square feet may be used towards meeting the recreational area requirement nor may any drainage attenuation structures or buffers be utilized in the calculation of required recreation area.
- (7) Buffers: Landscape buffers and screening shall be required in this district in accordance with the provisions of Article 4.7. Landscaping and Buffering, article XXII, chapter 3-5, of the Code, as the same may be amended. Recreational vehicles located adjacent to single-family lots shall be buffered by use of a minimum ten-foot wide Type C buffer including a wall or berm.
- (8) Landscaping: In addition to the landscaping required in buffers, each site shall provide for on-site landscaping consisting of at least one (1) shade tree uniformly located on each site according to an overall landscape plan (for the purpose of this section, palm trees are not to be
