

Health Care

We can help you enroll in the VA health care system. Some of the services provided at VA facilities include:

- Hospital, outpatient, medical, dental, pharmacy and prosthetic services
- Domiciliary, nursing home and community-based residential care
- Sexual trauma counseling
- Special health care for female veterans
- Health and rehabilitation programs for homeless veterans
- Readjustment counseling
- Alcohol and drug dependency treatment
- Medical treatment for exposure to Agent Orange, radiation or environmental hazards
- Outreach programs for homebound veterans or veterans in nursing homes or hospitals

For more information about eligibility for VA health care and services available please go to: <http://www.va.gov/HEALTHBENEFITS/index.asp>

The spouse of a 100% permanent and total disabled veteran may be eligible for CHAMPVA.
